Mossadegh Rules Supreme In Iran; Shah's Coup Fails

CELEBRATE KOREAN INDEPENDENCE. President Syngman Rhee (left) watches happily as 100,000 South Koreans wildly cheer him in Seoul on the eighth anniversary of Korea's independence. Rhee told the enthusiastic crowd the ROKs would march to the Manchurian border if necessary to unify the divided nation. Russia Asks Reunification Of Germany

Suggestion Labeled Propaganda Move in Bid To Hurt Adenauer

WASHINGTON (AP) — Russia suggested last night that Germany be reunified—and severed from military ties with the West—in what Western diplomats generally regarded as a propaganda move aimed at the overthrow of the Adenauer West German government.

Chancellor Konrad Adenauer's Bonn government faces popular elections on Sept. 6 and as diplomats here read the Russian proposals, Moscow was doing all it could to assure its overthrow by holding out hope for early unification of East and West Germany.

The most important question in Europe, the Moscow radio said, is the "peaceful reunification of Germany and the conclusion of a peace treaty with it."

Sends Notes To West

In notes delivered in Moscow to the United States, Britain and France, the Kremlin urged immediate creation of a provisional all-German government. It also urged the Western Big Three to support a peace conference on Germany of "all interested parties" within six months.

Moscow simultaneously called for an end to German reparations by next Jan. 1, and it summoned its East German puppets to the Kremlin for talks.

The all-German government, proposed to replace the Adenauer regime and the Red-controlled East German government, would be assigned the task of devising an election law which would permit free elections throughout Germany. Moscow called for "wide participation by democratic organizations"—obviously a reference to the Communist Free German Trade Union Federation and other Red-controlled groups.

Russia offered to give up more than three billion dollars worth of German manufactures now earmarked for her from East Germany, while proposing that reparations payments end by Jan. 1 and that the Big Four powers limit German payment for their occupation costs to 5 per cent of the annual revenues from East and West Germany.

Separated Since War

West Germany, with 48 million people, and the Red-ruled Eastern sector, with 18 millions, have been separated since the end of World War II. In recent months there has been a marked spurt in sentiment for unification.

As Western diplomats here and in other capitals saw the Moscow note, the idea was to capitalize on this sentiment in an effort to defeat the Adenauer government, which has been friendly with the Western Powers.

Airport Ceremony Caps 8-Year Project

Mayor Lauds Officials in Address at Dedication Of Marion Field

After eight years of planning and building, Marion Municipal Airport was formally dedicated in ceremonies at the administration building yesterday afternoon.

The day-long program wound up shortly after 3 p.m. with a dedication talk by Mayor Harold F. Robinson. Preceding him, brief talks were given by Harry L. Dowler, chairman of the Chamber of Commerce Aviation Committee and former mayor; Safety-Service Director Ralph Forrest; Mel Blaney, Lake Central Airlines district sales manager of Columbus; John Moore, architect for the administration building; and Mark Savage of the Ohio Aviation Board.

—:—

IN HIS TALK, Mayor Robinson paid tribute to "all those who had something to do with . . ." construction of the airport. He mentioned particularly J. B. Bray for his efforts to bring "a modern airport to Marion," Dowler, the Chamber of Commerce and its Aviation Committee, City Council and its Lands and Buildings Committee, City Engineer Tom Cathers, and all the "taxpayers who are helping pay for the port."

"Marion Municipal Airport has the opportunity to help further aviation in Ohio and make it the best state" in the nation for air transportation, Savage said.

He added that C. E. A. Browne, chairman of the Ohio CAB presently is in Washington making arrangements to enlarge Lake Central Airlines service to include Lima and Marion, Ind.

—:—

DOWLER SPOKE on the history of the airport and said the first planning began in 1944 in an effort to have public works projects to stave off any post war business recession. Decision to build the airport as one of these projects came after discussions between City Council, city administration, county commissioners, and city and county boards of education, he said.

Forrest gave a brief outline of the operation of the airport. The port was first opened for air traffic in September, 1950, with two flights daily by Trans-World Airlines. This continued until April this year when Lake Central Airlines began flying seven flights daily to Marion. This was increased to eight in July when a new segment of Lake Central Airlines from Marion to Kokomo, Ind., was placed in service.

Young Ruler, Queen Fly to Safety in Iraq

Premier Imprisons Opposition Leaders, Dissolves Parliament

TEHRAN, Iran (AP) — Aged Premier Mohammed Mossadegh held supreme power in Iran today after crushing a bloodless attempt to unseat him by supporters of Shah Mohammed Reza Pahlevi.

The young ruler and his beautiful Queen Soraya fled to neighboring Iraq and Communist mobs screamed for an end to the monarchy.

Acting swiftly in the wake of the attempt against him early yesterday, Mossadegh jailed top leaders of his opposition and dissolved the remnant of the Parliament. Though the 34-year-old monarch had not abdicated, the government was believed readying a regency council to take over his powers.

Leader Hides in Hills

The leader of the coup attempt, Maj. Gen. Fazellah Zahedi, hid in the hills. In a statement to newsmen he claimed the Shah had given him an imperial decree ousting Mossadegh and proclaiming Zahedi Premier.

Police and troops, armed with rifles and sten guns, started a determined hunt for the rebel leader. Tehran radio broadcast orders from Mossadegh to customs and frontier forces to prevent his escape abroad at any cost.

Tension lessened in Tehran today as truckloads of armed troops and Sherman tanks called out by Mossadegh rumbled back to their barracks and bases. Yesterday the city had bristled with troops protecting the government against their titular commander in chief, the Shah.

Shop Windows Stoned

Along the capital's main streets today shop owners cleared away broken glass left by anti-Shah demonstrators who stoned the monarch's portraits in shop windows last night.

The mob of Communist and Mossadegh supporters—more than 100,000 strong—had packed the capital's main Parliament Square last night, howling for the ruler's blood. Banners demanded "Death to the Shah" and "End the dynasty."

The meeting bawled assent to a demand for a regency by Foreign Minister Hossein Fatemi, who was seized by the coup-attempting imperial guards and held for 6½ hours in a palace strongroom. Fatemi in a newspaper blast called the Shah a "snake" who had "robbed the property and chastity of the people."

There was no immediate statement from the Shah in Baghdad.

Greater Efforts For Collective Security Urged

Eisenhower Reports Russia Still Serious World Peace Threat

WASHINGTON (AP) — President Eisenhower told Congress today Western nations should strive for greater self-help toward collective security because American aid "cannot do the whole job."

His report reviewed the mutual security program for the six months ended last June 30. It said Soviet Russia continues a serious threat to peace and that U. S. aid to check Communist expansion now is shifting in emphasis from Europe to Asia and the Pacific.

"While it is clear that the strength needed by other free nations cannot be developed and maintained without substantial American assistance, the report declared, "it is equally clear that the mutual security program alone cannot do the whole job.

Other Measures Necessary

"Other measures are necessary, and it is important that the mutual security program and our foreign relations as a whole be conducted in such a way as to facilitate the taking of these measures."

Ratification of the European Defense Community Treaty, trade expansion, and greater investment of private capital in underdeveloped countries were three steps the President mentioned.

Eisenhower limited his own re-

Rhee Believes U.S. Will Fight If Parley Fails

But State Department Official Says Nation Hasn't Mapped Course

WASHINGTON (AP) — President Syngman Rhee of South Korea said today he believes that if the Korean peace talks fail "the United States will resume the fight to accomplish the common objective" of unifying his embattled country.

His statement, made in a copyrighted interview with the magazine U. S. News and World Report, came in the wake of one by Walter S. Robertson that the United States has not mapped out a specific course of action if it is necessary for the Americans to walk out of the peace talks.

Robertson is the assistant secretary of state who, as personal representative of President Eisenhower, persuaded Rhee not to obstruct the truce. He agreed that this government will quit the peace talks in 90 days if it appears that the Reds are not negotiating in good faith.

Explains U. S. Position

Robertson, in an NBC television interview yesterday, said the United States has not agreed with Rhee to help him in resuming battle unless the Communists break the peace first.

Rhee, in the magazine interview, declared:

1. "I believe the United States will resume the fight in order to accomplish the common objective (of a unified Korea) because the U. S. honor and future security will be at stake. You know the United States is honor bound to reunify Korea."

2. South Korea may leave the peace talks in less time than 90 days "if it is apparent the Communists have no intention of agreeing to the fundamental requirement and merely intend to use the

Soviet Appears Certain of Seat In Korea Talks

U.N. General Assembly Expected To Approve Compromise Proposal

By MAX HARRELSON

UNITED NATIONS, N. Y. (AP)—Russia appeared assured today of a seat at the forthcoming Korean political conference — if her satellites North Korea and Communist China want her there. India's chances of being asked to the parley dimmed, however.

Diplomats, gathering for the U. N. General Assembly beginning this afternoon, freely predicted approval of a carefully worded Western resolution tossing the issue of Soviet participation to the Communist side.

Two British Commonwealth countries—Australia and New Zealand—came up with this formula yesterday to patch up part of the split between the United States and Britain. Both agreed to support it.

The Anglo-American differences over the proposed inclusion of India at the conference table, however, remained as great as ever, and it was doubtful whether India could win a two-thirds majority in the 60-nation Assembly.

U. S. Delegate Henry Cabot Lodge Jr. said frankly yesterday that the United States would not vote for a British-sponsored resolution to include India in the conference.

Lodge insisted Indian membership would not be in accordance with the terms of the armistice

Traffic Survey Fund Project To Open Sept. 8

Kick-off date for solicitation of funds to help pay the cost of an engineering traffic survey in Marion will be Sept. 8.

This date was decided at a meeting of the executive committee and division chairman of the Citizens Traffic Survey and Grade Crossing Elimination Committee held at the YMCA.

A meeting of the entire committee was also scheduled for Sept. 3 at 8 p.m. at the Y. Receipt forms for the fund campaign will be distributed to division chairmen and individual workers at this meeting.

73 Americans Included

Reds Release 400 More; Will Send 450 Tuesday

PANMUNJOM (AP)—The Communists freed 400 Allied war prisoners today—73 of them Americans—and promised their biggest shipment of the Korean POW exchange for tomorrow—450 Allied captives including 75 Americans.

Today's group brought the total of Americans returned to 1,105, just over one third of the 3,313 the Reds have said they held.

The Reds also freed 75 British, 250 South Koreans, 1 Japanese who had served with U. S. forces as a houseboy, and a Japan-born Korean who said he served with South Korean Army although he was released as a civilian.

Appear in Good Health

The Americans and British jumped briskly from the Red trucks that rolled them down from the Red grouping center at Kaesong. They laughed as they moved into the Allied tents. They appeared in good health.

The sun shone brightly as they stepped into trucks for the ride south to nearby Freedom Village for processing.

A total of 5,177 Allied troops have been freed in 13 days of the exchange. The Reds have said they held 12,763.

As the Allied prisoners were handed over, truckloads of Communist POWs rolled north, singing loudly.

Typhoon Holds Up Ship

Meanwhile, the POW Command said four ships carrying 2,400 Red prisoners to the port of Inchon from Koje Island were forced back by typhoon winds.

The POW Command said the delay would not affect Tuesday's delivery but may reduce Wednesday's shipment to 600. The UNC has been sending back about 2,400 Reds at Panmunjom daily.

The Communists said their big shipment Tuesday would include 75 British and 300 south Koreans. They usually have been sending back about 400 Allied POWs a day.

See New Red Planes

There was no reason given immediately for the stepup.

The returning Americans told of seeing what they believed are new

Jet Pilot Dies in Crash West of Yellow Springs

CELINA, Ohio (AP)—An Air orce F-86 jet fighter plane crashed in a pasture west of nearby Yellow Springs today and the pilot died in the flaming wreckage.

Eyewitnesses said they believed the pilot gave up his chance to parachute to safety in order to keep his plane aloft long enough to miss a farm home.

The crash came after two planes collided in the air.

The pilot was not immediately identified by officials of Wright-Patterson Air Force Base, which first reported the accident.

The collision tore off a wing of the jet fighter. The other plane, witnesses said, remained aloft and apparently returned safely to Wright-Patterson.

U.S. Employe Identified as One-Time Red

Worker in Printing Office Puts Finger on Associate at Hearing

WASHINGTON (AP) — A government printing office employe identified a fellow worker, Edward Rothschild, face-to-face today as a onetime member of the Communist Party.

James Phillips, a bookbinding machine operator, told Senate investigators that Rothschild has no direct access to secret material in the government printing plant but could easily get such material from other workers.

Phillips confronted the slightly built, pipe-smoking Rothschild at a hearing by the Senate Investigations subcommittee, which is looking for evidence that secret material in the government printing office has been leaked to the Communists.

He's 'Better Than Hoppy'

Dying Boy Pays Tribute To Ike on Surprise Visit

DENVER (AP)—To 6-year-old Paul Henry Haley, who is dying of cancer, President Eisenhower is "a bigger and better man" than Hopalong Cassidy.

Now, to those who aren't parents of small boys, that may sound incredible.

But ordinarily a president doesn't cut much ice when children match him up with Hopalong.

Not so with Paul. Dwight Eisenhower is the hero of his tragically foreshortened life.

Surprise Visit

That's the result of a surprise visit the President paid Paul yesterday.

It started when Eisenhower picked up the Rocky Mountain News before church. There was a picture of cowboy-outfitted Paul, his arm around his mother Jean. The story was in the form of a letter by reporter David Stolberg.

"I'm writing this story to you, Mr. President, for a young fellow who hasn't learned to write," it said in part.

"He wants to see you, Ike, and although he doesn't know it, that's his dying wish. . . .He may live as long as two months, at most 18, doctors say.

The reporter said Paul is ill of cancer.

Eisenhower decided to see Paul. And he did, unannounced.

Maybe there has been a more astonished man than Paul's stepfather, Donald Haley, when he answered the door wearing dungarees, but it's doubtful.

As Paul, wide-eyed and unbelieving walked into the living room, the President flashed his smile and said, "Paul, I understand you wanted to see me." Paul was flabbergasted.

Tells of Grandson

They visited, Paul and the President, about five minutes, Then Paul got to inspect the presidential limousine.

The President told him he had a grandson about Paul's age — 5-

Photographer Tells of Brutality

Cruel Life of Prison Camps Described

(Editor's note: Frank Noel, Associated Press photographer is a free man again after more than 32 months as a prisoner of the Chinese Reds in North Korea. Now in Tokyo for medical and dental treatment necessitated by his long captivity, Noel has collaborated with AP Correspondent Olen Clements to tell of some of the things he and his fellow Americans saw and endured as prisoners of war.

By FRANK NOEL
As Told to Olen Clements

TOKYO (AP)—Life as a prisoner of the Chinese Communists was a thing of doubt and fear—doubt of what our captors would do to us next, and fear that an incautious word might be overheard by some fellow prisoners who had become an informer.

There is a strange thing about all the Communists I have met. They trust no one—especially their fellow Communists. Somehow, they managed to instill this same feeling of distrust into their prisoners, even though those prisoners had fought bravely side by side before being captured.

Some few men turned informers. Others, in the constant questioning by the Communists, said things the Communists did not like.

As a result, lots of us went into the "hole,"—a cell in which a man could neither stand nor stretch.

One particularly bad hole was reserved for prisoners the Reds hated most. When you went into that hole, you stayed for weeks without ever leaving it, even to go to the latrine. You sat and slept in your own filth.

In winter you froze, day and night; in summer you sweltered. A little food was thrown in once in a while, and a Chinese guard was on duty at all times.

Many of us spent days, weeks, months, in the hole, simply as punishment for not thinking the way the Communists wanted us to think.

A Red prison is one of the cruelest forms of torture ever devised by man.

There are still Americans up there—some of them driven insane in prison.

I am sure there will be some of them there when the Chinese say repatriation has been finished. These men will be a club which the Reds will hold over our heads in the post-armistice political conference.

I was captured Nov. 30, 1950. In the early days of my imprisonment, the Chinese took some American officers into Antung, Manchuria. I know of one who said the people on the streets there were very friendly.

So far as I know, all of these

Heap Big Pow-Wow

25,000 Indians Gather For Show in Oklahoma

ANADARKO, Okla. (AP)—It's going to be a wow of a pow-wow!

An estimated 25,000 Indians have set up tepee-keeping on the outskirts of this self-styled "Indian Capital of the World" hoping to garner a trunkload of the white man's tourist wampum during the 22nd annual American Indian Exposition.

And the peace-pipe smoking redmen apparently are willing to forget that their white brothers shylocked their ancestors out of Manhattan Island for a piddling $24 in trinkets.

The braves, squaws and papooses have neatly folded their overalls, business suits and two-tone shoes and de-mothballed the Hollywood-type costumes and multicolored feathers for the tourist trade.

Medicine men are hoping the war-whooping will attract some 60,000 visitors from all 48 states during the six-day celebration which began this morning.

Backdrop for the annual pageant, which will run nightly during the exposition, will be flags from each of the United Nations, sent from UN headquarters in New York.

Allie Reynolds, New York Yankees pitcher, was chosen Indian of the Year by the exposition and was scheduled to be honored in a ceremony at noon today.

With all the visiting Indians streaming into town, the outskirts are a solid mass of tents and tepees. Robert Goombi, exposition president, said all the Indians bring their own tents and cooking utensils for the week out in the open.

There are Pueblos from Jemez, N. M., Hootahs from northern California (their first visit to Indian territory), Navajos from Arizona, Cherokees from North Carolina, Northern Cheyennes from Montana, Winnebagos from Wisconsin, and the Five Civilized Tribes of Oklahoma.

Syrian Leader Reported Slain

BEIRUT, Lebanon (AP) — Unconfirmed reports from neighboring Syria said President Adib Shishekly, his country's strong man, was assassinated today in Damascus.

The reports said unknown assailants mowed down Shishekly with machinegun fire as he stepped from bulletproof car.

Morrow County Fair Opens In Mt. Gilead on Wednesday

Special to The Star

MT. GILEAD — Activities at the Morrow County fairgrounds for the 103rd annual event will get into full swing this week as concessions, rides, and exhibits start arriving. Dates for the fair are Wednesday, Thursday, Friday and Saturday, Aug. 19, 20, 21, and 22.

The three-day harness program with $5,200 in purses gets underway Thursday afternoon. A starting gate will be used with Forest Day of Sunbury as the official starter, according to Carl Baughman and Gene Dumbaugh, co-superintendents of speed. Photo finishes and pari-mutuel betting will be employed.

The racing program is as follows: Thursday, two-year-old trot, two-year-old pace and 2:22 trot; Friday, 2:20 pace, 2:20 trot, 2:18 pace and 2:18 trot; and Saturday, 3-year-old and 2:25 trot, 3-year old and 2:25 pace, 2:14 trot, and 214 pace. Two dashes will be held in all events and winners will be awarded trophies.

Cattle entries totaled over 500 for both the Junior and Senior fairs. A total of 222 sheep and 146 hogs were entered in the Senior Fair.

Tentative schedule for county bands to appear at the fair is as follows: Marengo, on Friday night; Iberia, Saturday afternoon, and Johnsville, Saturday night.

A special pony show and pony race are a new feature of the fair and will be held during the racing program the last three days of the fair. Bicycle races for children are also scheduled. The bicycle races will be held on Thursday between the harness racing events. The race for those under 12 years old will be held between the first and second harness races and the bicycle race for those from 12 to 16 will be held between the second and third harness races.

Children planning to enter must register at the fair secretary's office. The event is sponsored by Jim Smith of Mt. Gilead. First prize in each race will be a bicycle, second prizes will be footballs and third prizes will be merchandise certificates of $5 each.

Night shows are also expected to provide top flight entertainment. Thursday night at the grand stand Bob Otto's all star wrestling will be featured. Women as well as men wrestlers will participate in the three bouts.

Names of the wrestlers to appear in the all-star wrestling show were announced this week and the list includes Joe Scarpello, Red Kirkpatrick, Jules "Speed" LaRance, Mary Jane Mull, Whitey Wallberg, and June Byers.

Friday night the Jimmie Lynch Death Dodgers will appear. The Death Dodgers use open-topped convertibles exclusively and will also feature girl drivers as well as men this year. Lynch was killed in an automobile accident two years ago and the show is now owned by Bill Reed. Kline's Continental Circus, a past favorite at the local fair, will be the attraction at the Saturday night show. Circus acts and stunts are featured.

All exhibits are to be in place by 3 p.m. Tuesday and are not to be removed until 3 p.m. Saturday.

Walter Hardesty, president of the County Agricultural Society, announces the following special show at the Senior fair: fat heifer show with $130 in prizes; fat steer show with $120 in prizes; Ohio State Hereford show to be judged Thursday; the Wyandot District Guernsey show to be judged Wednesday; pet lamb show and wool show.

Prizes will be awarded to Junior Grange Exhibits this year as well as for Senior Grange exhibits. A $100 premium will be awarded with money going equally to all schools that have displays.

A standard tractor pulling contest will be held on Wednesday morning starting at 9 a.m. with prizes totaling $280. There will be four classifications of tractors: up to 3900 pounds; 3801 to 5100 pounds; 5100 to 6800 pounds; and 6800 pounds and over.

The junior fair will feature many activities centering around the new Junior Fair building and the Junior Fair Livestock building. William Westbrook of Marengo is president of the Junior Fair Board. The style revue will be held beginning at 9 a.m. Saturday in the arena of the livestock building.

Special awards in Junior Fair dairy classes will be made by the Morrow County Dairy Service Unit. The Kroger Co. will present a trophy to the winner of the Dairy Showmanship contest. The Northern Ohio Breeders Association will present an award to the Reserve Champion in the Dairy Showmanship contest. Several prizes will be awarded by the Morrow County Beef Breeders Association in the Junior Fair Beef Cattle classes.

Prospect Playground Nears End of 7th Year in Operation

For the seventh year, Paul Keller has been leading activities at the Prospect playground. The former track coach at Prospect school has taken over the job of training younsters in the fineries of athletic competition.

Several sports are on the program at the playground. There is a basketball team, a track team, and other games which keep the children occupied, such as volley ball, softball, and croquet.

The playground is sponsored by the Parent Teachers Association which makes an annual contribution to the activities. Seven families from the PTA are named to a committee, which helps run and govern the activities of the playground.

Other funds for the operation of the place is made by holding several benefit games each year and from contributions made by other interested persons.

Main event of the year as far as the youths at Prospect are concerned is the Fourth of July field meet which is open to all boys and girls on the playground. This includes dashes, broad jumping, and basket shooting contests.

Winners in the various contests held throughout the season are awarded ribbons, ice cream, and candy bars. These athletes often develop into future stars of high school.

Equipment at the playground includes a volley ball set, badminton sets, croquet sets, basketball and hoops, and softball equipment.

Keller said he got the idea of organizing the activities at the playground from the realization that competition would make the children grow healthy and would help them spend their leisure time in a profitable manner.

About 80 children take part in the activities of the playground each day this year. Keller is pleased with the turnout because of the fact that Prospect only has a population of 1,000.

Eight Year Old Girl Only One Hurt in Traffic

Injured When Bicycle Strikes Auto; Four Other Mishaps Listed

One Marion child was slightly injured in one of five traffic accidents investigated by city police over the week end. Three accidents were reported on area highways by the local state highway patrol post.

An eight-year-old girl was injured Sunday morning at 10:29 when she was thrown from her bicycle after striking a car at Scranton Ave. and Roma St. She was taken to City Hospital by her father, treated and released.

The girl was Kathryn Trout of 381 Scranton Ave. Driver of the car was Luther L. Sprouse of 521 Scranton Ave. Both were going north on Scranton Ave.

Sprouse told police no damage was done to his car. The front end of the girl's bicycle was damaged.

Four other accidents reported by city police involved parked cars. Two of them were struck by hit-skip drivers.

At 8:49 p.m. Saturday, a car owned by Orville Miley of 266 Oak St. was damaged when hit by a car which failed to stop. Miley's car was parked in front of his home.

On Sunday evening, Wilfred Burnside of 439 Silver St. reported his car had been struck while parked in front of his house by another car which left the scene. Burnside could give only a meager description of the other car. He did not report any damage to his car.

At 360 Clinton St. Saturday at 1:55 p.m. a car owned by Dave Bumgarner of 383 Leader St. was damaged while it was parked. Driver of the other car was Norman E. Beery, 18, of 383 Fies Ave. His car was slightly damaged. He told police he was going about five miles an hour when he hit the parked car.

In the other accident at 8 p.m. Sunday, a car driven by Miss Celia D. Irey of 848 E. Center St. hit a car belonging to Lloyd Cook of 230 Chestnut St. Cook's car was parked in front of his home at the time.

Miss Irey told police she was trying to pull out of the parking place, did not see Cook's car behind her, and backed into it. The front fender and chrome on Cook's car were damaged. Miss Irey's car was not damaged in the accident.

Report Freak Accident

A hood that broke loose from a 1940 Ford caused a lot of confusion and plenty of damage in a freak accident on State Route 61, between Galion and Crestline, Saturday afternoon.

The hood was pushed back against the windshield of the car which was driven by David Grogg, 18, of near Mansfield, causing Grogg to lose control of his vehicle. The loose hood then was thrown over the car and into the path of a car following Grogg, driven by Richard Hinesman, 19, of Galion.

Grogg attempted to stop his car. The wheels skidded off the right side of the highway and the auto slid across to the left side of the road. In the meantime, Hinesman, who saw the hood flying toward him, attempted to swerve off the left side of the road. The two cars sideswiped on the left side of the highway, and the Hinesman car then crashed into a ditch, tearing down 75 feet of farm fence and a telephone pole in the procedure.

State highway patrolmen who investigated the accident, one of three which they handled over the week end, said no one was seriously injured. Hinesman sustained an abrasion on the right arm and left knee and a passenger in his car, Robert Bateman, 18, of Galion, received lacerations on the lip and abrasions on the right arm and leg. They were taken to a Crestline physician for treatment.

Considerable damage to the front end of the Hinesman car and to the hood, left side and windshield of the car Grogg was reported.

Two Other Crashes

In a second rather "confusing" accident investigated by the patrol Sunday afternoon two cars headed north on Route 42, three miles north of Mt. Gilead, had damage to the left sides.

Driver of the first car, Donald Gibbs, 34, of Akron, attempted to stop behind traffic and the car skidded when Gibbs applied the brakes. The rear of the car swerved onto the right berm of the road. The car following him, driven by Robert Otty, 57, of Albany, N. Y., attempted to avoid hitting the Gibbs car by passing on the right side. The left side of Otty's car hit the left side of the Gibbs car, causing moderate damage to the left rear fenders of both and to the left door and wheel of the Otty car.

Otty was arrested by patrolmen for following too closely and was fined $10 and costs by Justice of the Peace R. R. Bennington at Mt. Gilead.

The third accident handled by the patrolmen involved a tractor and semi-trailer truck driven by Ned Rose, 32, of Dayton, on U.S. 30-S, three and a half miles east of Caledonia, at 1 a.m. today. The truck had rounded a curve when a car passed him and cut back into the right lane sharply. The trucker applied the brakes which locked, sending the truck outfit into a ditch on the right side of the road. The truck driver was uninjured. The cab and frame of the tractor were considerably damaged.

Assign Jury Cases In Bucyrus Court

Special to The Star

BUCYRUS —Assignment of 21 jury cases and seven chancery actions for the September term of Crawford County Common Pleas Court was announced here today by Judge John C. Carroll.

Judge Carroll also set the week, beginning Monday, Oct. 19, for sessions of the grand jury.

The jury assignments include the $25,000 action of Robert Loverich, 11, formerly of Bucyrus, against Donald Hinchley, Cleveland truck driver, for injuries allegedly received by the boy when struck by a truck while riding a bicycle in downtown Bucyrus on Aug. 25, 1951. The case will be heard Dec. 21 to 23.

The $10,000 action for money of C. F. Elston, a Dearborn, Mich., salesman, against the Shunk Manufacturing Co. of Bucyrus, will be heard Jan. 12-14. Elston claims he is entitled to a $10,000 commission from the Bucyrus firm for the sale of a hydraulic press.

Eleven Ohio Soldiers on List Of POW's Who Died in Camps

WASHINGTON (AP)—The Defense Department today identified 207 additional Americans reported by the Communists to have died in enemy prison camps. Eleven were Ohioans.

With today's list the Pentagon has made public the name of 795 of the 1,022 U.S. servicemen said by the enemy to have died in Communists hands.

The families of all Americans on the lists supplied by the Reds have been told the information given them cannot be verified that the men are still officially listed as missing in action.

Ohioans on the new list, all Army personnel:

M.Sgt. Clifton C. Bragg, son of Mr. and Mrs. Leo Bragg, Proctorville

Sgt Arnold C Galloway, son of Dennis N. Galloway, 623 Woodland Ave., Toledo.

Pfc. George R. Garrett, son of Mrs Nora E Garrett, 3706 Massachusetts Ave., Cincinnati.

Man Killed Cleaning Up Debris of Hurricane

NORFOLK, Va. (AP) — Hurricane Barbara claimed a second life here Saturday—a day after it had roared past the Virginia coast.

Joe Lane, 55, stepped out of his garbage truck to pick up a wire which had been knocked across the road by the hurricane winds. The wire turned out to be an electric power line and Lane was electrocuted. It was his first day on his new job with the Princess Anne County sanitation department.

Norfolk's first hurricane victim died on the day of the big blow, Friday, in similar fashion. Talbot Duffy Barrow, 42, a Norfolk county policeman, was killed when he came in contact with a high-tension wire while answering an emergency calls.

Hundreds Flee Homes as Fire Hits Cleveland

CLEVELAND (AP)—The wind shifted, and a hundred families fled in terror as great flames from a burning lumber yard reached hungrily for their homes.

Unsated by 17 million feet of lumber from the yard yesterday, the fire snatched one house, destroyed it and licked around another. For 15 long minutes it appeared the other dwellings were doomed.

Then, as the fleeing residents looked back through the dense smoke, the wind suddenly changed again. The fire retreated to the 14 ravished acres of the Dougherty Lumber Co. East Side yard, and firemen were able to contain it.

"The hand of God," somebody said. Others breathed agreement.

Despite vagaries of wind which many times sent some 200 firemen scurrying to stay out of the flames, no one was reported dead or injured.

Lashed most of the time by a southwest wind, the fire reduced the lumber yard to piles of embers in a period of five hours. Besides the lumber, the blaze destroyed 15 buildings and 12 sheds. Thomas Dougherty, president of the firm, estimated the loss at five million dollars.

The cause was not determined.

Man Bitten by Snake At Religious Service

GREENVILLE, S. C. (AP)—Earl Eugene Canada, 27, was in critical condition after being bitten during a snake-handling cult's religious service here last night.

Police took him from his home near the site of the services, an hour and a half after he was bitten, over the protests of a prayerful crowd of cult followers.

Canada reportedly was bitten on the wrist while handling a rattlesnake during services attended by about 50 persons. He was first kept in the building where the services were held while followers of the cult prayed. He later was removed to his home where a crowd gathered and prayer was continued.

Ohio Accidents Claim 13 Lives

All But One Killed In Highway Mishaps

By THE ASSOCIATED PRESS

Accidents took the lives of 13 persons in Ohio over the weekend.

An Associated Press tabulation covering the period from 6 p.m., EST, Friday to midnight Sunday showed 12 persons died in highway accidents. One child suffocated.

The deaths by days:

FRIDAY

Theodore P. Williams, 19, of Youngstown, killed when his car upset on railroad tracks near Youngstown.

SATURDAY

John Valentine, 60, Mrs. Sarah Valentine, 55, his wife; and Carola Metcalf, their 3-year-old granddaughter, all fatally injured when two cars collided head-on on Ohio 8 north of Akron.

Louis Reagan, 18-year-old Clevelander, died after the car in which he was riding skidded off the road and upset.

SUNDAY

Delbert S. McIntire, 35, of Fletcher (Miami), and Mrs. Katherine Worthington, 50, of Conver, killed in a two-car accident on Ohio 589 near the Shelby-Miami county line

Airman 2.C. James H. Toppings, 25, of Columbus; Wanda Lea Birt, 22, of Columbus, and Freeman Wilson, 35, of Elyria, fatally injured in a two-car crash eight miles south of Columbus on U.S. 23.

James W. McMillin, 73, Mansfield, killed when two cars wrecked three miles east of Shelby.

Mrs. Catherine Heffelfinger, 21, of Barberton, killed in a two-car accident near Akron.

Donn Michael Lewie, four-month-old Columbus child, suffocated in his crib.

The first opera advertised by title on American soil was given in Charles Town (now Charleston), S. C., in February, 1735.

2nd Peace Step Up to U.N. Assembly

By JAMES MARLOW

WASHINGTON (AP)—The United Nations General Assembly meets in special session in New York today to take the second of three steps which could lead to peace, but may end in frustration, in Asia and elsewhere.

First step: the Korean truce. Second step: to decide who will take part in the peace conference. Third step: the peace conference itself, opening perhaps in mid-October.

This is the background on the meeting of the General Assembly's 60 members.

In reaching the armistice the two truce teams in Korea—U.N. commanders and the Communists—agreed the diplomats of "both sides" should take over once the fighting stopped. What should the diplomats discuss?

Should they talk just about Korea? Or should they go further afield and consider Asian problems in general? The agreement said among other things: ". . . the peaceful settlement of Korea, etc."

That et cetera may turn out to be one of the most important—and most disastrous for any hope of peace coming out of the conference—words ever written.

The United States wants the peace conference to stick to Korean problems, leaving wider questions to be discussed elsewhere and at another time.

The Communists could make hash of this desire, and of the conference itself, by dragging through the door left open by "et cetera" a host question not directly related to Korea. For example:

Communist China's seating in the U.N., and turning Formosa over to Red China, which would mean asking the United States to kick off that island its Chinese ally Chiang Kai-shek.

The U.N. Assembly could scramble itself badly at its session this week if it gets involved in an argument over what the diplomats at the conference should discuss.

It may skip that trap by letting the U.N. representatives to the conference figure out for themselves what should be talked about, after they're chosen.

But just choosing the delegate nations to take part in the conference on the U.N. side will be a source of discontent.

The United States—through its U.N. delegate Henry Cabot Lodge Jr.—has taken the stand that the truce agreement meant what it said when it spoke of diplomats of "both sides."

Both sides, in the American view, mean: on one side, the North Koreans and the Chinese "volunteers"; on the other, the United States, South Korea and those U.N. nations which sent armed forces to fight in Korea.

This would exclude neutrals from sitting at the conference. The United States considers India, which sent only a medical unit to Korea, a neutral.

Russia has never been considered a neutral by this country and, if anyone had doubts, Asst. Secretary of State Walter S. Robertson last night said Russia had furnished the war supplies for the Chinese and North Koreans.

Lodge was being polite last night when he said this country didn't think Russia should be approved by the U.N. to sit at the conference "on our side or as a neutral."

But Britain and other Western Powers disagreed. They want Russia included at the conference, with U.N. approval. Their arguments go like this:

Russia, the No.1 Communist nation, besides its links with China and North Korea, is both a European and Asiatic power and therefore vitally interested in any Asian peace conference.

And vast India, biggest non-Communist nation in Asia, has an equally vital stake in a settlement between East and West in Asia. Besides, ignoring India wouldn't sit well with the other non-Communist Asians.

Last night Lodge came to this position: The United States would vote to include Russia at the conference provided the "other side" asked to have Russia there.

According to Lodge's thinking, this would put Russia on the Communist side of the table. While Lodge might consider this a moral victory for this country, the net effect would be to let Russia into the conference.

But he said this country wouldn't vote for India.

Marion Student Wins Scholarship

William Vaughn Leffler, son of Mr. and Mrs. Elmer William Leffler, of 342 Pearl St., has accepted a freshman scholarship to Ohio University for the fall term beginning in September, it was announced by Dr. George W. Starcher, Ohio University scholarships committee chairman.

A graduate of Harding High School, Leffler was elected to the National Honor Society and he served as co-editor of the school newspaper; business manager of the yearbook; representative to the Red Cross Council and to the Teachers' Summer Workshop; office assistant to the principal and dean; and business manager of the Boy Scouts.

He was also a member of the dramatics club, Junior Kiwanis, science club, and the senior baccalaureate committee.

Leffler plans to major in commerce in the College of Education at Ohio University.

Signs Indicate Supply of Steel Is on Increase

CLEVELAND (AP) — Two signs pointing to greater steel availability were noted today by Steel, the metalworking weekly.

Demand for hot-rolled carbon bars, one of the worst bottlenecks in steel supply, is easing off.

Prices on steel scrap, a vital raw material in steel production, were seen softening.

Though scrap prices rose in July, some scrap brokers dropped their buying prices, expecting a lower consumer market in September, the weekly stated. It added:

"Ordinarily, there's a strengthening of demand in autumn when scrap is laid in for the winter. For some months, mills have been able to keep well-fixed with scrap."

Easing of the market for hot-rolled carbon bars "well may herald the return soon of a ready availability of most forms of steel," the magazine said.

Hot-rolled bars, in short supply for almost three years, are the most universally used form of steel. Steel pointed out:

"Amost every end product made of steel contains some amount of a hot-rolled bar or its descendant, the cold-finished bar."

But the reduced pressure "must not be interpreted as a falling apart of the bar market."

The magazine said a majority of consumers still indicate they want their full mill quotas of hot-rolled bars for the fourth quarter.

It reported steel output declined slightly during the week ended Aug. 15, la gely because of repairs to furnaces. Output declined 0.5 point from the preceding week, bringing production to 96 per cent of rated capacity.

NINE-MONTH STRIKE ENDS

WARREN, Ohio (AP)—At the request of the CIO-United Steelworkers Union, 165 employes of U. S. Gypsum Co. have ended a nine-month strike. The firm agreed to boost pay rates 13½ cents hourly. Current wage scales were unavailable.

Not a Hammer on the Head

It is now generally agreed in the United States that distribution of free food to residents of East Berlin embarrassed the puppet government maintained there by the Soviet Union.

It is generally agreed this was a kind of home-run in the competition for men's minds—or since the football season is here, a touchdown run.

But here, if anywhere, there is room for a contrary opinion about one aspect of free food distribution. The United States has burned its fingers on this aspect before.

Eventually, the give-away either stops or is unable to keep pace with the take-away. When that happens, the United States will not be loved. The government of West Germany will not be loved. The Kremlin's propagandists will know how to take advantage of that.

Nothing fades faster than the lovability of a give-away benefactor who fails to come up to the ever - rising specifications of the beneficiaries. The United States has been giving away things to Europeans and Asiatics for years.

It has not won their friendship. It has won their gratitude only so long as its rate of giving came up to their ever-increasing demands.

When it fell below the demands, they turned resentful and critical.

Philanthrophy is not like being hit on the head with a hammer. It never feels good when it stops.

Death Traps

There is no real reason why the Refrigeration Trade Association of America needs to have a meeting next Tuesday to consider ways of preventing old ice boxes from becoming death traps for children.

All of the 11 children suffocated in three separate accidents in 36 hours as the result of being locked inside unused refrigerators could have been saved if adults had removed the locks from the doors.

No adult deliberately sets a death trap for a child. It is only that adults, aware of most common dangers, take it for granted that children will be aware of them too. That is why abandoned cisterns and wells are left unfilled. It is why children are killed in those tragic accidents which occur when automobiles are backed out of driveways. It is why dangerous medicines are left in medicine cabinets where children can reach them. It is why explosives are left unguarded and guns are left loaded.

The death of 11 children by suffocation in old refrigerators whose locks should have been removed will make us all a little more aware of the traps we unintentionally set for children. In the next few days, a few hundred thousand of them may be removed.

See: History of France

France's Premier Laniel finally has said directly what every French premier since the end of World War II has known — and occasionally said indirectly.

Widespread strikes in protest against his ministry's economy program are in reality attempts to overthrow the government of France.

They are not stikes in good faith. Therefore, the government of France is duty-bound to resist them. They are a form of insurrection.

In short, France has come up against a problem to which there can be only one answer. When a government is threatened by organized attacks on its life, it is justified in doing everything within its means to save itself. Premier Laniel has served notice.

His government will try to save itself. It will try to perform services whose performance is being stopped by strikers. It will yield neither to bona fide Frenchmen who have been misled into taking part in insurrection nor to Communists who have incited Frenchmen to attack their own state.

For the outcome, see the history of France in the second half of the 20th century. It might well be that the truce in Korea has been overshadowed by the beginning of new Red mischief in Europe.

Greasing the Skids

Since there has been so much attention paid to the butter subsidy that has left the Department of Agriculture with millions of pounds of this commodity which otherwise would not have been produced, it is only fair to mention another subsidy in the same category..

When the government took inventory recently, it had enough cottonseed oil to make 571 million pounds of margarine and was under contract to purchase enough for another 20 million pounds.

This was substantially more of this commodity than the total of government-held butter, which had been only 162 million pounds on June 1, plus contracts to buy another 27½ million pounds.

The government also held enormous quantities of peanuts and soybeans, which are used to make margarine.

It is not butter alone that is greasing the skids for the practice of underwriting the manufacture of commodities for which there is no visible market. Margarine is helping.

Homing Instinct

By George Tansey

Birds' Navigation Puzzles Scientists

MANCHESTER, Eng. Life's a science for pigeons. It's got to be. The way human beings treat pigeons doesn't make life all pie.

The trouble for pigeons is that they understand, to some extent, the biggest secret still completely unsolved by man.

This makes them the subject of continuous human curiosity, and since they accept their keep from human beings they are expected to earn it — by demonstrating their extraordinary and, so far, inexplicable, gift for long-distance navigation.

Scientists have discussed many theories about the homing instinct in certain birds, fishes, insects and animals, but it can be firmly stated that they still haven't got a clue about it.

It believed, for instance, that the know-how of the homing instinct is the same as that used to achieve migration, but the stock of precise, scientific data is extremely small, considering that the problem has been a human talking point since it was mentioned in the Book of Job.

One reason may be that no economic importance has yet been attached to discovering how a pigeon does it. It is significant that science has made gigantic strides toward understanding the migration of locusts, because of the enormous economic importance of controlling the tourist instincts of these pests.

With birds, the problem is a riddle in the realms of pure science, with more amateurs than professionals trying to solve it.

Pigeons, being tame and easily observed creatures, are used a lot for experiments by Cambridge University, England, and scientific establishments in the United States.

This is unlucky for the pigeons because, despite popular opinion, they really are not very good at finding their way home.

Putting it bluntly, they are "dopes" at the business, compared with the majority of wild migrant birds. Their own wild ancestor, the Rock Dove, isn't migratory and only has a weak homing ability.

Recent return flights to the northwest of England by pigeons released at Nantes, San Sebastian, the north of Scotland and other starting points indicate that 25 per cent got lost on the way, though the starters were the very cream of the pigeon world—the best 5 per cent selected from many thousands of birds.

Furthermore, to achieve even this degree of success, the pigeons had to be carefully trained over gradually increasing distances from their home lots.

This is a poor show compared with the scientific achievements of untrained wild birds.

Marked swallows sent out with pigeons for direct comparison always win by a large margin and wild birds packed off on independent tests have put up performances which have defied every scientific attempt to confuse and baffle them.

They have been sent hundreds and thousands of miles in closed boxes into unknown territory and over large expanses of sea. They flew home.

They have been taken to release points round two sides of a triangle, and have flown home as fast as birds taken direct.

They have been given anesthetics on the way out to prevent them from taking note. They flew home.

With the pigeons, it is undeniable that training tells and its reasonable to assume that a carefully graded program of training flights develops a "bump of location" such as occasional human beings possess. Even visual recognition of the land may play some small part in their homing ability. But not so with the top-class feathered navigators.

All this has the scientists hopping with frustration. Cambridge University has discovered that some pigeons are better navigators than others (which every pigeon fancier knows only too well,) that they don't seem to steer by the sun and that, like many other travelers, they prefer the short sea route.

Some Americans have been bolder. They claimed pigeons had a sixth sense which was sensitive to both nagnetic force and coriolis force, the latter being the force felt by any moving body due to the earths rotation.

The combination of these two forces, it was argued, might give a special "feel" to a place. When it was discovered that there were two places in America which, scientifically, gave the same "feel," pigeons from near one place were sent off to somewhere near the other, in the hope that they would all "home" on the second place.

Latest reports are that they are still experimenting, which looks as if the pigeons are being awkward.

Possibly, some have just flown home.

And I Believe

By TRUMAN TWILL

In the absence of compelling reasons to believe otherwise, I shall go right on believing:

There is nothing which interests men less than the sight of women's knees, which are almost invariably misshapen and badly designed;

Nothing that happens in professional sports — none of the skill and none of the paid-for savagery —is a substitute for the awe-inspiring earnestness of school boys who want to win so bad they can taste it;

The telephone, in addition to being a blessing, is a curse on mankind laid there heavily by science and kept there firmly by the people who prize it as a way of horning into lives which otherwise would be closed to them;

The annual hooraw over whether or not men should shed some of their summer clothing is a tempest in a Martini shaker compared with the really vital issue of whether or not men should wear stocking caps in winter;

The interior and exterior design of the modern automobile is about as pathetic as the design of the vermiform appendix, which happens to be the way it is because it got sidetracked in the master plan to make things the way they should be;

The perfervid splinter politics of New York City is the current most horrible example of what can happen when human beings are huddled into caves and mole runs where they ultimately lose all sense of balance and proportion;

The eventual solution to the problem created by mixing multiple-ton trucks and one-ton passenger cars on the same highways will be toll roads built for the mandatory use of the former by the trucking industry which then will be relieved of highway tax.

The fascination once exerted by pretty girls has been diminished by moving pictures and television, which exploit beauty as a commodity and thereby put a high premium on charm, the heaviest gun in the arsenal in the war between men and women;

Tens of thousands of public relations employes are boomdoggling a job which could be done better if simple candor were substituted for elaborate puffs and foxy approaches;

There never has been a fountain pen made which was worth the trouble of having to refill it when it got empty and likewise for cigaret lighters;

The presidency of the United States has been so twisted and distorted by the pressures exerted on it relentlessly that George Washington, John Adams, Thomas Jefferson and James Monroe would have been impeached;

Color television will be a big, fat disappointment to most viewers because they will find they have gained color at the expense of clarity;

Some of the political indiscretions committed by some of the investigators who keep digging up youthful indiscretions of others in congressional hearings might be just as revealing and a darned sight more important;

Whatever a plumber is paid for lying on his back in a puddle of dirty water in an almost inaccessible place in the course of performing an almost impossible repair job without losing his temper is too little.

Income Problems Growing

More than $700 million of life-insurance benefits will go under income plans rather than being paid out in lump sums this year, the Institute of Life Insurance estimates.

This is about 70 per cent more than was so used 10 years ago and nine times the amount set up under income plans 25 years ago.

"Income use of life-insurance proceeds has been one of the important developments in this field during the past generation," the institute commented. "This concept of income use has done more to enable policy-holders to set up orderly plans for their long-term family finances than almost any other element, and it has been a great aid in helping insurance agents set up complete life-insurance programs for American families."

The institute points out that one of the greatest benefits of the income plan for policy settlement is that it pin-points the needs and results in better meeting those needs through ample life insurance.

A generation ago, most policy holders thought of their life insurance in terms of the amount of total protection and, as that was usually a larger sum than they had in hand at any one time, they were inclined to regard themselves as amply insured.

When translated in terms of the income that insurance would provide, the amount often was found inadequate.

The income use of life insurance was negligible as recently as 30 years ago. In 1920, less than $20 million, of benefit payments was used to provide income.

In 1930, the total set aside for future income payments was only $90 million. Of the 1952 benefits, $690 million was used for settlement options. This represented about 29 per cent of total ordinary and group death benefits, matured endowments and policy cash-surrender values, the funds most likely to be set aside for income use.

Over the years, more than $6 billion has been accumulated by policy holders from policy proceeds for income use. Income payments will be made from these funds for many years in the future.

We're Growing Up Fast

By MARK DANA

The U. S. Census Bureau made such a prideful formality in announcing the other day in Washington that the U. S. population has now reached the 160-million mark, that a cosmic visitor might have considered the bureau had a paternal responsibility for creating the people instead merely of recording them.

In recent years, the bureau has operated—between the 10-year censuses — on these estimates: One birth every eight seconds; one death every 21 seconds; one immigrant every two minutes; one departing emigrant every 17 minutes; net gain, one person every 12 seconds. Mathematics is that wonderful.

Even so, the current U. S. population now calculated to an even 160 million is behind China's 450 million, India's 365 million, Russia's 200 million, while Japan's 86-million heads a long list of runnersup.

The land areas of the top-population countries show a varying degree of crowding. In square miles, some of the areas are: China, 2,760,229; India, 1,221,880; Soviet Russia, 8,524,750; United States (Continental), 2,977,128; Japan, 147,690

There are occasional commentaries that our own country is getting a bit jammed, with murmurings about noisy too-adjacent neighbors and parking woes. True, business firms would welcome more crowding in their aisles, and most churches could somehow make room in their pews.

Any seventh grade pupil could confirm the principle and high interest of the Census Bureau's predictive estimates, now at a long-awaited round figure, if a baby is born every eight seconds (different babies, of course); and somebody dies every 21 seconds (still different persons).

It seems to take an immigrant two whole minutes to decide to come to the U. S., a hesitation wholly understandable considering the cost of everything, and after he gets here he remains (according to this averaging) only 17 minutes—probably because he paid all his money for the Brooklyn Bridge. Somebody is bound to get solemn about the difficulty, yet necessity, of integrating all these 160 million persons into a coordinating and exemplary nation, so we give this idea a nudge.

If the census people don't trust their estimates, they can count our population by getting out on the highways any pleasant Sunday afternoon.

Marion County History Brevities

The Wyatt Cemetery near Waldo is the last resting place of a number of soldiers of the War of 1812. Buried here is Captain Flynn who was seriously wounded when attacked by a party of Indians as he and some companions were enroute home from Upper Sandusky. His death occurred at Fort Morrow. Other graves are those of two soldiers killed north of Marion, three who died at the cabin of Nathaniel Brundidge and William Wolfley, who was wounded near Upper Sandusky in an attack by the Indians. A Captain Yarnell, who was in Perry's victory on Lake Erie, also is buried in the Wyatt Cemetery.

Longer Day for Hens

DAVIS, Calif. (AP)—A photoelectric cell that turns electric lights off and on assures a theoretical 13-hour day in the experimental cage laying house at the California College of Agriculture. Words of the Wise

Driving Test Racket

By RITCHIE MCEWEN

VIENNA

Austria's death roll due to car accidents, in proportion to the number of cars on the road, is about the highest in Europe, and any motorists who has driven in Austria will tell you that this is hardly surprising.

Yet the Austrian driving test is the stiffest in the world.

In the first place, "driving test" is a misnomer, for almost the entire test consists of a written and oral examination more suitable for a budding garage mechanic than a motorist.

You have to be able to recite the names of all the working parts of the engine, their uses, and how they work.

You are expected to know the history of the motorcar, and must be able to discuss the relative merits of the gasoline and diesel engines. The turbine and jet engines are optional subjects.

If you get this far, you are allowed to drive the tester around the block.

As you are not allowed to take the official test without completing a course at a driving school—as if you could know all the answers without one!—the driving schools and the testers are well satisfied with the arrangements.

The schools make a lot of money, and the testers, who are entitled to a proportion of the fee, are able to "fail" with a good conscience all their customers several times before they pass the test.

But too many mechanics at large, with no road sense whatsoever, but quite capable of tuning up a racing car, are worrying the police, the public and the drivers themselves.

So now the Austrian driving test is to be brought up to date—the official term for it—and the country's roads are to be made safer for Austrians—and tourists.

The Once Over

By H. I. Phillips

Man Marches On

Those official figures showing the population of the U.S.A. to have passed 160,000,000 this week provoked a yawn at first, but brought later reactions.

Right off the bat 160,000,000 Americans do not seem a clossal crowd. Our impression is that we have encountered that many in a crosstown bus, any subway entrance, the average beach picnic, any automat lunchroom at high noon or any $2 mutuels line on a Saturday afternoon.

We are sure we goot into a mob of at least 152,456,000 at the last Broadway premiere of a new Hollywood movie. However, on second thought, it's a lot of people and perhaps worthy of the way the U.S. Census Bureau made a super production number of the announcement.

There were monster electric clocks, movie, TV coverage, music, general whoopla and just about everything except ticker tape and free beer . . . all of which was excusable, since this was one occasion when it could truly be said that everybody got into the act.

-:-

The figures show a birth every eight seconds . . . a new tax victim in every twinkling of an eye!

A terrific thought occurs: of these new arrivals will those who turn out to be lawyers outnumber those who turn out to be clients!

How many thousands of these newly born will wind up as quiz program addicts?

What proportion will develop into prize contest fanatics and boxtop slogan writers? How many will turn out to beekeepers, bird watchers, "Constant Reader," bill collectors, delinquent alimony payers, Lonely Hearts Club members, early victims of the American quick lunch, fan-mail addicts, irate bus operators, unfriendly bartenders, growers of mushroom at home and people who believe they can retire at 60 on $100 a week?

The more you think of these census totals the more alarming they seem.

The population must have romped well along toward 161,000,000 by this time, give or take a few obstetricians.

The disturbing thing is that all of the 160,000,000 will be on the highways Saturday and Sundays shouting, "Aw, go someplace and learn how to drive, ya bum!" arguing over direction signs and trying to figure out whether the hot dogs, the corn on the cob or the chicken pie brought on the ptomaine attack.

-:-

One hundred sixty million people and August only half gone! It's pretty depressing when you think of all the trouble even a couple of dozen can cause at times.

We want more statistics from Washington.

What percentage of those 160,000,000 spend long stretches of the day gazing into street excavations, banging the telephone receiver impatiently, disputing parking tickets and trying to keep paper napkins on their knees at outdoor barbecues in a north wind?

How many use a seven-passenger auto to go four blocks for one cigar?

How many will write politicians asking for seats to the world series?

What does a total of 160,000,000 people mean to the consumption of movie-house popcorn, street-corner hamburgers and lunch wagon fried eggs?

And the situation being what it is by official count, had we better reserve this week end's bathhouse early?

We have just seen pictures of Vice-President Nixon finishing a golf swing, and we hasten to warn him that he will never get anywhere without immediate aid from at least a dozen golf instructors . . . That kind of form can kill the Republican party.

TWENTY YEARS AGO — It was Thursday, Aug. 17, 1933.

Forty-one-year-old Mark Shank, an Akron attorney and a native of Attica, entered a plea of not guilty to the poison murders of Alvin Colley, Colley's wife and two young sons before Justice of the Peace J. P. Carter at Benton, Ark. Shank earlier confessed to the quadruple poisoning because, he said, "they knew too much about the disappearance of documents in a forgery case at Wooster, O."

Mrs. S. R. Rauhauser, 70, died at her home at 319 Linden Pl.

While J. W. Spawn, poultry dealer, watched fire destroy $5,000 worth of hay, straw, farm equipment and a large barn on his tenant farm near Prospect, burglars entered his own home a mile and one-half away and stole $118 in cash.

More than 20 members took part in a flag tournament at the Marion Country Club. Awards were won by Mrs. L. C. Stang, Mrs. C. O. Brown, Mrs. Robert White, Mrs. Don Howard, T. L. Fahey, Millard Hunt and C. O. Brown.

13 Dairy Herds Hit High Mark In Production

Despite dry weather in the month of July, 13 dairy herds in Marion County had production records of more than 40 pounds of butterfat per cow.

From 20 herds on owner-sampler test, 314 cows produced an average of 870 pounds of milk and 31.8 pounds of butterfat per cow, a decrease of five herds and 50 cows from July, 1952.

Thirty herds representing 478 cows were on Dairy Herd Improvement and official test. They averaged 1,090 pounds of milk and 37.2 pounds of butterfat, an increase of one herd but a decrease of eight cows from last July.

The following herds produced and averaged 40 pourds of butterfat per cow for July, 1953, on the owner-sampler test: Frederick Bauer, 20 cows, 1,301 average pounds of milk, and 44.1 average pounds of butterfat; and Leroy J. Hinamon, 10 cows, 1,434 average pounds of milk, and 41.9 average pounds of butterfat.

These herds produced and averaged 40 pounds of butterfat per cow on the Dairy Herd Improvement and official test: Gomer Johnson and Son, 21 cows, 1,464, average pounds of milk, 56.4 average pounds of butterfat; Paul Lawrence and sons, 34 cows, 1,347 average pounds of milk, and 48.4 average pounds of butterfat; Edwin Parrott, three cows, 1,273 average pounds of milk, and 48.4 average pounds of butterfat; Z. C. Kline, 37 cows, 1,440 average pounds of milk, and 47.1 average pounds of butterfat; Joseph Lawrence, 13 cows, 1,406 average pounds of milk, and 44.5 average pounds of butterfat; Harold Seiter, 21 cows, 1,242 average pounds of milk, and 43.2 average pounds of butterfat; E. H. Burris, 19 cows, 1,191 average pounds of milk, 43.2 average pounds of butterfat; LeRoy Shoats, 12 cows, 810 average pounds of milk, and 43.1 average pounds of butterfat; Richard Cusick, 15 cows, 1,387 average pounds of milk, and 42.6 average pounds of butterfat; Richard Lawrence, 20 cows, 1,116 average pounds of milk, and 42.5 average pounds of butterfat; and W. R. Brooks, 28 cows, 1,198 average pounds of milk, and 41.1 average pounds of butterfat.

The five cows with the highest completed lactations for a 305 day period ended in July were all Holsteins. They were those of; Gomer Johnson and son, six years old, 22,337 pounds of milk, and 836.9 pounds of butterfat; Richard E. Lawrence, seven years old, 14,747 pounds of milk, and 686.4 pounds of butterfat; Paul Lawrence and sons, nine years old, 13,241 pounds of milk, and 641.3 pounds of butterfat; Harold Seiter, five years old, 15,853 pounds of milk, and 606.5 pounds of butterfat; and W. 'Oklahoma' Will Be Filmed in Hollywood

NEW YORK (AP)—The authors of "Oklahoma!" have announced their world famous musical, now running for its 11th straight year on the stage, will be filmed with a new wide-screen movie process.

A spokesman for Richard Rodgers and Oscar Hammerstein II, who wrote and produced the show, said they agreed to film it after seeing samples of a movie technique created by Michael Todd, Broadway showman, and Dr. Brian O'Brien of the American Optical Company.

MRS. RICHARD E. DRAKE

—:—

Serviceman From Marion Marries Resident of Dayton

St. John's Evangelical and Reformed Church in Dayton was the scene of the wedding of Miss Marilyn Breno, daughter of Mr. and Mrs. Fred Breno of that city, and A-1c Richard E. Drake, son of Mr. and Mrs. Patrick H. Drake of 202 Pearl St., July 11. The ceremony was read at 7:30 o'clock in the evening by the pastor, Dr. Walter Grunewald.

Wedding music was by Miss Charlotte Koch, organist, and Bruce Kriete, vocalist, of Dayton. Decorations in the church were palms, bouquets of gladioli and lighted tapers.

Given in marriage by her father the bride wore a gown of white tulle and Chantilly lace over satin. The dress had a portrait neckline and long sleeves. The bouffant skirt was accented in front with tiers of lace and extended into a chapel train. Her finger-tip veil of French illusion fell from a coronet of seed pearls and she carried white roses and stephanotis.

Miss Lois Jean Miller was the maid of honor and bridesmaids were Misses Betty Dudon and Margaret Cross. Their ballerina length gowns were styled alike with bodices of satin and bouffant skirts of nylon net. They wore stoles matching their dresses and headbands matching their bouquets. Miss Miller was in chartreuse and carried Talisman roses and the bridesmaids' gowns were in a shrimp shade. Their bouquets were yellow roses.

William Flanigan of Marion was the best man and ushers were William Breno of Dayton, LeRoy Schlecht, Lowell Schlecht of Marion and Frank Ross of Cincinnati.

A reception for 150 guests was in the church parlors which was decorated with greenery and summer flowers. The bride's table was centered with a tiered cake topped with a miniature bride and bridegroom. Hostesses were Misses Connie and Shirley Moore, Mary Lou Shively and Evelyn Julick of Dayton.

When the couple left on a wedding trip to Pennsylvania and New York City the bride wore a faille dress in an eggshell shade, brown accessories and a corsage of yellow roses. They will make their home in Dayton.

The bride is a graduate of Kiser High School and is employed as a secretary by the National Cash Register Co. in Dayton. The bridegroom graduated from Harding High School and prior to enlisting in the Air Force in 1951 was employed with the Ohio General Telephone Co. He is a weather observer at Wright-Patterson Air Force Base.

Attending the wedding from Marion were Mr. and Mrs. Patrick H. Drake, Mrs. LeRoy Schlecht, Michael Schlecht, Richard B. Drake, Mr. and Mrs. Blanchard Thompson and daughter Nancy, Mr. and Mrs. Bernard Schlecht, Mrs. George Ruth, Leonard Schlecht, Mr. and Mrs. John Myers, Mrs. William Leffler and Mrs. Elizabeth Rathell.

The bride's gifts to her attendants were earrings, bracelets and necklaces and the bridegroom gave the best man cuff links and the ushers ties and suspenders.

MRS. KARL M. DENISON

—:—

Edison Junior High Teacher Married In Double Wedding

Miss Virginia Eileen Fravel of Marion and Miss Jo-Ann Edith Fravel of Mt. Vernon, daughters of Mr. and Mrs. James W. Fravel of Green Valley Rd., Mt. Vernon, were brides in a double wedding service Saturday in the First Presbyterian Church at Mt. Vernon. O.

Virginia, an Edison Junior High School teacher, became the bride of Karl Milton Denison of Findlay, and her sister was married to Reed Thompson Barnard of Watertown, N. Y. Mr. Denison is the son of Mrs. Bessie T. Denison of Findlay, and Mr. Barnard's parents are Mr. and Mrs. John D. Barnard of Watertown.

Rev. Benjamin F. Judd Jr., officiated for the ceremony at 3:30 o'clock. The wedding music was by Mrs. Lucile Bresler, organist, and Mrs. Raymond Brown of Columbus, formerly Miss Zoe Ann Behm, vocal music teacher at Edison Junior High School last year, vocalist.

Given in marriage by their father, the brides wore identical gowns of white Chantilly lace and nylon tulle over satin. Styled with fitted basque bodices the scalloped portrait necklines were formed by the lace outlining the sheer nylon yokes and the long lace sleeves tapered into points over the hands. Fashioned of layers of nylon tulle, the bouffant skirts, featured with side drapes of lace and worn over old fashioned hoops and crinoline petticoats, extended into chapel trains. Cloches of nylon tulle accented with a tiara effect in front, held their fingertip veils of English illusion and they carried crescent-shaped bouquets of Eucharist lilies and white French carnations and ivy foliage.

Sisters of the brides were their matrons of honor. Virginia was attended by Mrs. George W. Lane of Marion, and Jo-Ann's matron of honor was Mrs. David A. Funk of Wooster. Bridesmaids were Miss Mary Elliott of Watertown, N. Y., Miss Dorothy Baxter of Mt. Vernon, Miss Virginia Moore of White Plains, N. Y. and Mrs. William Musson of Piqua, sister of Mr. Dennison. All wore identical gowns of emerald green nylon tulle. The full hooped, handkerchief pointed skirts were worn over tulle, net and taffeta petticoats and over their strapless bodices, fashioned with halter necklines, they wore matching shrug jackets. Completing their costumes were emerald green satin flower clips with theater veils.

Serving as best man for Mr. Denison was William W. Luse of Marion, and Mr. Barnard's best man was his brother, John D. Barnard Jr. of Syracuse, N. Y. Seating the guests were Robert Barnard of Watertown, brother of Mr Barnard, David A. Funk of Wooster, George W. Lane of Marion and William Musson of Piqua.

A reception for 200 guests was at the home of the brides' parents where the table was centered with a fan-shaped bouquet of white gladioli. Surrounding the wedding cakes were white pompons and huckleberry foliage. A trio, David A. Funk, violinist, Mrs. George W. Lane, pianist and George W. Lane, cellist, played during the afternoon.

Hostesses at the reception were Miss Barbara Langdon of White Plains, N. Y., Mrs. Gerald E. Talkington of Cheswick, Pa., Miss Charlotte Fraser of Cleveland, Miss Patricia Metzel of New Haven, Conn., Mrs. William W. Luse of Marion, Mrs. Thomas Dickson of Lynn, Mass., Miss Gretchen Bell of Gambier and Mrs. John D. Barnard Jr., of Syracuse, N.Y.

When Mr. and Mrs. Denison left on a wedding trip through northeastern states the bride was wearing a suit of nightingale blue, black velvet accessories and a corsage of white roses. The new Mrs. Barnard chose for traveling a suit in a French plum shade and wore black velvet accessories and a corsage of white roses. Mr. and Mrs. Barnard will have a three weeks' honeymoon in the East.

Mrs. Denison was graduated from the Mt. Vernon High School in 1947 and the College of Wooster in 1951. For the past two years she has taught at Edison Junior High School. Her husband was graduated from Findlay High School in 1945 and Ohio Northern University College of Pharmacy in 1950. He is a pharmacist at the Heckler Pharmacy in Mt. Vernon where he and his bride will be at home at 120½ E. Sugar St. after Sept. 1.

Mrs. Barnard is a graduate of the Mt. Vernon High School with the class of 1949 and the College of Wooster this year. Mr. Barnard was graduated from the Watertown High School in 1948 and the College of Wooster in 1952. He is in the U. S. Army and after Sept. 5 will leave for duty in the Far East.

Sea Gulls Give Chase To Pilot in Air Show

BOSTON (AP)—Bill Boone, 31, a stunt pilot from Hollywood, Calif., received unscheduled competition in a low-level flight yesterday during an air show at Logan International Airport.

Boone was joined at the halfway mark of his one-mile flight at about 65 feet by some 1,000 sea gulls. They swooped down on the plane, apparently eager to make a race.

"The birds were a little too close for comfort, but I gained on them," the pilot said later.

Chiropodist Says Shoes Should Be Worn in City

LOS ANGELES (AP)—The city is no place for a barefoot boy, says a prominent chiropodist.

Dr. Stewart E. Reed of Des Moines, Iowa, new president of the National Association of Chiropodists, told delegate to the association's convention yesterday that feet are not meant for barefoot walking on hard city surfaces.

Dr. Reed said children should wear properly fitting shoes in the city but barefooted freedom is acceptable at the beach or in the fields.

RETURNS FROM ALASKA

Mr. and Mrs. Clifford Bowman, 987 Henry St., received word from their son that he has landed in Seattle, Wash., after two months Army duties in the Alaskan territory. Pfc. Richard H. Bowman was stationed near Anchorage during the two months. He was graduated from Harding High School in 1952 and went immediately into the Army.

POW's Allowed To Take But Three Letters Home

FREEDOM VILLAGE, Korea (AP)—A repatriated prisoner of war from Alliance, Ohio, said yesterday the Chinese Communists allowed prisoners to bring only three letters home with them from POW camps.

Cpl. Ralph Hartman said he received 33 letters during the 28 months he was captive.

"When they told me I could only take three of them with me," he said, "I told them the hell with it and tore all the letters up."

Funeral Rites Held for Auto Accident Victim

Charles Frisch, 4, of Upper Sandusky Dies After Mishap Saturday

UPPER SANDUSKY — Funeral services were held this morning in Upper Sandusky for four-year-old Charles Joseph Frisch who died Saturday afternoon of a fractured skull sustained when struck by an automobile in front of his home two hours earlier.

The boy and his mother, Mrs. Charles Frisch, were standing in front of their home three miles north of Upper Sandusky on State Rounte 67 at 10:35 a.m. Saturday waiting for traffic to subside so they could cross the highway to their mail-box. The youngster broke away from his mother's grasp and ran across the highway and was struck by an east-bound automobile driven by Rayburn Gale Stump, 24, of Urbana.

A passing motorist took the boy to Wyandot Memorial Hospital in Upper Sandusky where he died at 12:20 p.m. The Wyandot County sheriff's office, who investigated the accident, reported that Stump turned his vehicle completely around in an effort to avoid hitting the boy.

Neither Stump, his wife nor a cousin, Bonnie, all of Urbana, who were in the Stump car, were injured. The automobile received a dent in the hood as a result of the accident.

Survivors of the boy, who was born May 20, 1949 in Kenton, include his father and mother, Charles and Josephine Davis Frisch, and a sister, Patricia. A brother, John Robert, died in infancy.

The body was taken to the Bringman and Company Funeral Home. Services were conducted at 9 a.m. today from St. Peter's Catholic Church in Upper Sandusky in charge of the Rev. Paul Mueller. Burial was in St. Peter's Cemetery.

Russia

(Continued from Page 1)

was seen, likewise, as an effort to build up the prestige of the East German government and to try to put Adenauer on the spot for refusing to agree to Communist proposals for all-German elections independently of the Western nations.

The fact that the 14-page note was released through the Soviet-licensed German news agency ADN offered a further indication that the note was written primarily for political purposes.

The three Western nations had proposed on July 15—also with an eye on the September elections — that the Big Four foreign ministers meet in late September to arrange for a German election. The Western Powers have maintained that this should be arranged by the occupying nations, rather than by the two German governments.

Western officials are openly confident that in free elections throughout the country, the Communists would be soundly defeated.

Moscow replied to this Western proposal Aug. 5, but the reply was generally regarded as confusing, and officials of the United States, Britain and France are to meet in Paris this week to consider what reply they should make.

Moscow's note proposed an "immediate agreement" between the West and East German parliaments to form a unified government or, if that was too difficult, a provisional regime with limited functions.

This government, the note continued, should (A) represent Germany at the proposed peace conference, (B) keep Germany out of "coalitions and military alliances directed against any state whose armed forces took part in the war against Hitlerite Germany" and (C) carry out all-German "free elections without the interference of foreign states."

Marion Churches Assigned Pastors

Two Marion Evangelical United Brethren Church pastors have been given new assignments and transferred from Marion.

The announcements were made when the EUB Church closed its annual conference Sunday in St. Marys, O.

Rev. R. W. Faulkner, pastor of Calvary EUB Church, has been assigned to Van Wert, and Rev. R. L. Sutherland, pastor of Greenwood EUB Church, has been transferred to Fostoria.

Rev. Faulkner will be replaced by Rev. Clyde Wendell of Bellevue. Rev. Lynn Harris of Hoytville will take over Rev. Sutherland's post. Transfers are effective Sunday, Aug. 23.

Other transfers in the area include Rev. Mahlon Wenger, from Bucyrus to Toledo; Rev. F. L. Bowman, from Toledo to Bucyrus; Rev. Clarence Carnahan, from North Robinson to Brokensword; Rev. Bruce Harris, newly licensed, asigned to North Robinson; Rev. Dick Powell, from Bluffton to Oceola.

4 Juveniles Face Vandalism Charges

Two juveniles were in the detention home this morning after they admitted to police they had broken into a truck belonging to the E. A. Schlairet Trucking Co. on Lincoln Ave. last Sunday and stolen eight cartons of chewing tobacco and two quarts of paint.

They also told police they were responsible for several broken windows in the building of the company. They said they had broken the seal on the trailer of the truck and ransacked the contents.

Then they said, they took the cans of paint, punched holes in them, and threw the contents on several freight cars on a railroad track. The children were picked up Saturday by police, who recovered part of the loot.

Two other boys, 12 and 14, were arrested Saturday night near the Wright Tranfer and Storage Co. at 126 Oak St. Police chief Tom Coon said the boys had been seen throwing rocks through windows at the transfer company and also through windows of a nearby house at 138 Oak St.

Coon said the boys ran when they saw police coming, but were caught and will appear in Juvenile Court. They did serious damage to the buildings, according to Coon.

are obtained by share cropping some 430 acres of the 640 acres contained in the airport, lease of restaurant space in the administration building, hangar space rental, landing fees and office rental paid by Lake Central Airlines, and a percentage of money paid for aviation gasoline, Forrest said.

—:—

HE POINTED OUT also that the airport is continuing to grow and 10 new "T" hangars are now under construction end should be completed early this fall.

Blaney thanked Marion for the opportunity to serve the city and surrounding area and said this helps build the framework for more air transportation in Ohio.

Master of ceremonies for the program beginning at 2 p.m. with recorded music was Richard Lister of the Junior Chamber of Commerce. He concluded the program with, "We hope you will use your airport, that's the thing to do."

The program actually began at 7 a.m. with breakfast served some 170 persons at the Shangri-La Restaurant followed by Breakfast Flights which began at 8 a.m. and lasted until noon.

—:—

PILOTS FROM throughout Ohio and some surrounding states flew 70 airplanes into Municipal Airport during the morning to participate in this portion of the dedication program.

Costing a total of $605,000, the airport was not officially considered completed until final grass seeding of infield areas this spring.

agreement, which, in the U. S. view, calls for representation only of fighting participants in the conflict. India had only an ambulance unit in Korea and has frequently claimed neutrality.

May Withdraw Name

Some diplomatic quarters predicted that India might withdraw her name in view of the strong U. S. opposition. Indian delegate V. K. Krishna Menon already has declared his country is not a "candidate" for a place at the conference.

The resolution on the participation of Russia merely calls on the Assembly to recommend that the Soviet Union take part "provided the other side desires it."

Iran

(Continued from Page 1)

He and his queen flew in his private plane from a Caspian Sea resort in north Iran where they had been vacationing. They arrived in the Iraq capital unheralded and went into seclusion in a government guest house.

The Shah's flight to Iraq drew new government blasts at Britain, a favorite whipping boy for Mossadegh and his followers. Fatemi told the mob the Shah, "a traitor . . . ran away to the nearest British Embassy." This referred to Iraq's friendship pacts with Britain.

After the meeting ended, the crowd broke into smaller groups which roamed the streets stoning the Shah's photos. There was no other violence reported, however, and the coup attempt appeared to have been put down without bloodshed.

Americans Warned

U. S. Embassy officials warned Americans to stay off the streets. Embassy offices were closed yesterday.

The government roundup of suspected plotters put at least a dozen key opposition men behind bars. Chief among them was Deputy Mozafar Baghaie, long a major fighter against Mossadegh in the Parliament.

A few hours after announcing the coup had failed, Mossadegh issued a communique formally dissolving the Parliament, which so long had opposed his attempts to trim most of the powers the Shah had left.

All but 22 opposition members of the Parliament already had resigned, leaving it without enough members to hold a session. The Premier had announced plans to hold new parliamentary elections following a recent plebiscite in which more than two million of his supporters voted overwhelmingly for the dissolution.

Two Face Auto Theft Charges

Marion Police List 6 Other Traffic Arrests

Two arrests for stolen car investigation and six traffic arrests over the week end were reported this morning by city police. Arber Jr. Collins, 20, who gave his address as 616 Park St., and Rex Darwin Hall, 19, who told police he lived at 260 Olney Ave., were arrested Sunday night.

Collins was being held for investigation this morning. Hall had been charged with auto theft and was being held in city prison.

Charles M. Phillips, 27, of 339½ Waterlob St. was arrested Saturday morning at 10:23 and charged with reckless operation of his car on N. Main St. He pleaded not guilty in court. His hearing was set for Tuesday morning.

William Charles Marks, 30, of 135 McWilliams Ct. was arrested Saturday afternoon and charged with driving with an open muffler. He was cited to appear in Municipal Court today.

Charles H. Oiler, 19, of 845 Bennett St. was arrested at 1:25 Sunday morning and charged with speeding on N. Main St. He was cited to appear in Municipal Court today.

Gary L. Londerback, 19, of near Marion was arrested and charged with speeding on S. Prospect St. at 3:08 Sunday morning. He was cited to appear in court today.

At 2:31 p.m. Sunday, Robert L. Shoemaker, 21, of 380 E. George St. was cited to appear in court today for driving with an open muffler.

Cottie A. Simon, 68, of Lancaster was charged with failing to obey a stop sign Sunday morning. He will appear in court today.

conference for vicious slander and propaganda."

3. "I have informed President Eisenhower that under no circumstances will we accept any neutralization of Korea. All this would mean would be that we would have to lay down our arms and see our friendly allies withdraw, giving the Communists the chance to strike against us at any time of their choice."

Rhee said he does not regard hopefully U. S. efforts to unify North and South Korea by peaceful means.

"The communists would gladly have a reunited Korea under Communist control," he said. "naturally, they will try to achieve this through the (peace) conference . . .

"They will villify and slander my government to do all in their power to convince the world that Korea would be better off under any kind of government whatsoever than the Republic of Korea. Many dupes and fellow travelers in America and elsewhere will echo what they say."

Worker

(Continued from Page 1)

Earlier, a former FBI undercover agent identified Rothschild's wife, Esther, as an active worker for Communist Party organization in the 1940s.

Mrs. Mary Markward of Silver Spring, Md., who said she associated with Communists and reported to the FBI, pointed to Mrs. Rothschild at a Senate hearing and said she "most definitely" knew her in the Communist movement.

Under questioning, Mrs. Markward said she could not say, however, whether Edward Rothschild, husband of Mrs. Rothschild, was a member of the Communist Party.

Mrs. Markward was the first witness in public hearings by the Senate investigations subcommittee into alleged leaking of secret data from the government's printing plant.

Chairman McCarthy (R—Wis.) said at the outset the matter is one of "alleged espionage."

"If the testimony that has been given previously (in secret session) is true, then there is a very serious question of espionage," McCarthy said. "If not, of course—"

He did not finish the sentence.

McCarthy, who had left the capital after Congress adjourned Aug. 3, returned last week to take testimony behind closed doors from a score or so of witnesses, including employes and officials of the printing office.

Three New Policemen Begin Training Program

The three new policemen approved by City Council last month began a two-week schooling program this morning. They are Charles R. Alspach of 269½ Windsor St., John R. Johnston of 1062 Wilson Ave., and Robert Eddington of 869 Henry St.

The three are attending a special school before being assigned to regular duties as members of the police force.

Herman Plack, 69, Civic Head At Galion, Dies

GALION — Funeral services for Herman L. Plack, 69, businessman, civic leader and former city treasurer, will be held Tuesday at 2:30 p.m., in Peace Lutheran Church where he was a member. The Rev. Philip E. Auer, pastor, will officiate. Burial will be in Fairview Cemetery in charge of the Snyder Funeral Home. Friends may call at the family home.

He died Saturday at 10:10 a.m. in Galion City Hospital where he was admitted Wednesday. He had been seriously ill for nearly a week, but had not been well since he underwent surgery last summer.

Fifty years ago, he and his father, the late Andrew Plack, entered the carriage business. In 1916, the firm became engaged in the auto supply business, now known as Plack's Auto Supply Co. with Plack as its proprietor since that time.

One of Galion's most active citizens, he served as treasurer of the city for two terms, and had been a member of the Crawford County Democratic Central Committee, the Galion Hospital Board, and the board of the Galion Red Cross Chapter. He was instrumental in founding the Galion Booster's Club 15 years ago, and served as its first president. He was a member of Peace Lutheran Church, having served on the church council at one time. He was active in the Sunday School and Men's Brotherhood as long as his health permitted. For a time, he served on the Crawford County Fair Board, and was a committee member of Boy Scout Troop 5, and member of the Galion District Committee of Boy Scouts. He also was active in the Kiwanis Club and belonged to the Galion Elks, Eagles, and United Commercial Travelers, and to the Crestline Odd Fellows Lodge.

A native of Galion, he was born July 23, 1884, the son of Andrew and Caroline Weber Plack. He was married Oct. 3, 1906, to Bertha Catherine Nelson who died 17 years ago.

Surviving are his mother, Mrs. Caroline Plack of Galion; one son, J. Andrew Plack of Galion; and six daughters, Alice, Dorothy, Ruth, and Jean Plack, all at home; Mrs. Charles Prim of Galion; and Mrs. Robert W. Ness of Fort Churchill, Manitoba, Canada; a brother, Gilbert A. Plack of Galion; and five sisters, Mrs. Ward Hartman of Columbus; Mrs. Anna Nixon and Mrs. Homer Rensch of Galion; Miss Lillian Plack of Marion; and Mrs. Harry Barnes of Worthington; and six grandchildren.

Prison Camps

(Continued from Page 1)

Americans were soon returned to North Korea, but there are other Americans today in Chinese territory. They are the ones who swallowed the Communist line and chose not to come back with the rest of us.

Not all of them, however, are there of their own volition, I am sure.

I know of one man who is among seven who left us at prison Camp No. 5 when the armistice was signed. Just two months ago this man and I planned a new escape attempt.

I had saved and scrounged some food, about 10 pounds of hard candy, 5 fountain pens and a wrist watch. The pens and watch would have served us better than money if we had gotten out. They were given to me by some of the sick and wounded Americans who were exchanged last April.

Our escape plan did not jell because the armistice came before we were ready. Yet this man who planned it with me did not come back with the rest of us. I will never understand why. He must be under some form of pressure from the Communists or from the "progressives," — as the turncoat prisoners were called.

Stolen Car Found; One Auto Looted

Charles Simmons of 436 W. Fairground St. told police last night that someone had broken into his car which was parked on Campbell St. and stolen a pair of shoe roller skates. He said he was attending a movie when the looting occurred. Value of the skates was placed at $110. Police Chief Coon said today this was the second break-in on Campbell St. within a week.

Coon also reported the theft and quick recovery of a car belonging to Henry Williams of 364 Mary St. Sunday. Coon said police received the call from Williams at 7:01 p.m. and spotted the car almost immediately. Two men in the car at the time were taken into custody for investigation.

The car was parked in front of 417 Park St. before being stolen.

year-old Dwight David Eisenhower, II.

Afterward, Paul talked about the car.

"It was nice and cool," he reported. "There was something to put your feet on, and there was a chair, I think it was for a baby."

Mrs. Haley wasn't home when Eisenhower called. Later, she said there just aren't "enough adjectives to describe how grateful we were."

"The President came in and shook my hand," Paul said, a smile on his wan face.

To Buy His Picture

"I'm going out and buy a picture of the President and put it on the wall.

"I've got pictures of Roy Rogers and Hopalong Cassidy, too."

Later Paul went on the radio and paid Eisenhower his supreme tribute: "He's a bigger and better man than Hopalong Cassidy."

The President, if he were listening, must have liked that a great deal.

Survey

(Continued from Page 1)

The Citizen's Committee has the task of raising $12,000 needed to complete financing of the proposed $20,000 master traffic survey. The Marion County Commissioners have pledged $2,000 and City Council has set aside $6,000 as its share of the total cost.

Money raised by the committee is to be turned over to the Marion County Auditor for safe-keeping until such time as contracts are signed with a traffic engineering firm for the traffic survey.

The Citizen's Committee is divided into seven divisions for the solicitation of funds. These divisions and the chairman of each are: division of industrial workers, Carroll Davidson; industrial corporations, Robert Fay; retail merchants, Odell Thompson; professional men and women, Russell Butterworth; clubs and organizations, A. F. Busch; government workers, Mrs. Bertha Stewart; and finances, Francis B. Huber.

John V. Ruth is general chairman and publicity and public relations co-chairmen are Robert Mason and John A. Maxwell.

Residents Here Asked To Help Greek Victims

Residents of Marion city and county are asked to join with others throughout the country in contributing to aid for the stricken people of Greece, in an appeal made by the American Red Cross

The appeal for local aid was received today by L. H. Larsen, disaster chairman of the Marion County Chapter of the American Red Cross.

The series of earthquakes, followed by landslides and fires have resulted in tragic disaster and misery for the Greek people the chairman points out.

Financial aid only is asked, the appeal states. Collection of clothing and other items of material assistance here is not contemplated and should not be undertaken, those in charge state.

The Greek Ambassador is requesting the cooperation of all agencies in this appeal and is urging active support of appeal by Greek national organizations and societies in the United States.

Contributions will be received at the local chapter office.

One repatriate said he saw nine Communist jet bombers, flying in formations of three each, as he passed through the North Korean capital city of Pyongyang on his way from a prison camp on the Yalu River to Panmunjom.

Other prisoners added to earlier reports the Chinese are holding back American POWs.

Cpl. Howard Waters Jr., 25, of Battle Creek, Mich., said that 12 to 14 men in his company, the third company at Camp 1, were suddenly taken away by the Chinese a short time before the armistice was signed.

Two Business Places Looted

Thieves Hit at Waldo, Prospect Meat Store

Theft of 30 cartons of cigarets and a small amount of change from two Marion County business places was reported to the Marion County sheriff's office.

In both instances, the possibility exists that the thief or thieves remained in the business places after closing time or had access to keys, since no break-in was evident, the sheriff's office indicated.

The cigarets were taken from Plotner's Restaurant in Waldo sometime between 10:30 p.m. Sunday and 6:30 this morning when the theft was discovered by Mrs. Dora A. Plotner. She told deputies she found the back door wide open this morning.

Although only a small amount of change was taken in the second burglary, the cash register was considerably damaged, according to the report received from the Stuckey Meat Market in Prospect.

William Mowry, a store employe, discovered the damage and theft this morning when he reported for work. The doors were locked, he told the deputies.

Evil Days Ahead

By Inez Robb

To the hills, men, or the cellars; there's a frightful week in prospect and this is it.

Andrei Vishinsky is back and the U.N.'s got him. The minute the General Assembly meets at United Nations headquarters today, the comrade can be relied upon to start working us over from top to toe.

INEZ ROBB

And on Thursday the publication of the advance reviews of the Kinsey report on women will revive all those old, tired Kinsey jokes the nation was just learning to forget.

-:-

I DON'T know which I dread most, listening to Vishinsky, the Soviet's sandpaper - tongued orator, denounce us as war-criminals or being bombarded by Kinsey eggs every time I turned on the radio or TV.

All those decrepit gags that made the Kinsey report on men so hideous six years ago will be brushed up and resuscitated this week, although many of them seemed well beyond the reach of a pulmotor even when first subject to the draft.

As a woman, I can put up with Doc Kinsey's unvarnished report on members of my sex without leaving the room. It's the comedians who are going to drive me out of house and home.

-:-

EVEN IN the best of years, August is a trying month given to heat, humidity, sand flies, mosquitoes, rag weed and picnic ptomaine.

It is almost too much during the dog days to ask us to see ourselves as Vishinsky sees us and to endure the Kinsey comics.

We shall simply have to grin and bear it while Vishinsky admonishes us war-mongers and germ warfare perpetrators not to be beastly to the Chinese Communists, who were minding their own business until we imperialistically slugged them from behind.

And we must try to keep the old blood pressure from bouncing like a yoyo when Tovarich unmasks our use of dumdum and bacteriological bullets and never mind American boys returned from North Korean prison camps in advanced stages of TB.

-:-

EVEN WHEN Vishinsky didn't have a hydrogen bomb in his back pocket, he was not one to spare the rod and spoil the American child.

This is going to be a rough week and we had better keep the cold compresses and the fire extinguishers handy.

I had been hoping againsthope ers handy.

I had been hoping against hope that we might be spared Vishinsky at this session of the United Nations.

It was my secret dream that Georgi Malenkov would not be able to dispense with so valuable a lawyer and prosecutor as Vishinsky, now that Lavrenti Beria is about to be legally liquidated at a treason trial.

VISHINSKY, the hair shirt of the

-:-

Western world, sprang to fame and Soviet fortune as the relentless DA in the great crop of purge trials by which Stalin eliminated the opposition in Russia in the thirties.

It would have been lovely for all of us if Georgi had been unable to spare Andrei in the current matter of Lavrenti. But apparently, Georgi has been able to dredge up an alternate to give Beria the business and we're stuck.

And with Doc Kinsey, too.

The thing to do is to keep cool, calm and collected, but how?

He Finds Them Boring

Writer's Hobby Is Avoiding Hobbyists

By SAUL PETT
(For Hal Boyle)

NEW YORK (AP) — My hobby, if anybody cares, is avoiding hobbies.

To be more precise, my hobby is avoiding people who insist I should try their hobby. It will change my whole life, they say, give me new perspective, added freshness, escape, relief from frustration and the commonplace.

Baloney. If I want to be dull and unhappy, that's my privilege. Leave me be. Anyway, I have my doubts about the enthusiasm of new hobbyists out on the stump. I mean those hobbyists who live and breathe the stuff all the time.

You know the kind. The hobbyist and his wife will drop over for a drink. He will remain glum and silent during the small talk about operations and jobs and the way polio is going around. Then he finds an opening and wham! There goes your evening.

Why is it that the first time a man is seduced by an eight-inch ball-bearing power saw, with a miter gauge and splitter, or by a one rupee uncancelled stamp from the Maldive Islands, he becomes an evangelical bore about the whole thing?

He pounces on his friends, neighbors and relatives as though he just found a cure for the five per cent mortgage. They, too, he argues, must try this hobby and ascend, with him, to the bright and glorious plateau of a new life.

I wonder. Why is he so anxious to convince us?

Is it because down deep he is still a little uncertain about the wisdom of a grown man spending so much time and energy on a new weapon for etching in leather? Does he need the moral support of imitation to fortify his expenditure of money and passion on a new soil tickler?

I have heard it said that you can achieve new peace of mind by observing the yellow-bellied sapsucker in its natural habitat. That may be true. But I'd rather try to work out a negotiated peace with my own natural habitat and let the yellow-bellied sapsucker envy me.

But, of course, birds have more sense than to take up a hobby of people-watching.

I'm sure it will alarm nobody if I happened to feel that this whole business of making a hobby the be-all and end-all is a dangerous mistake.

It tends to lead people in the wrong direction—away from themselves and the reality of their own existence. If they are bored or oppressed by their home life or job, is there nothing they can do about it but creep into an esoteric basement.

Instead of trying to fertilize their barren acres, this overemphasis on hobbies persuades them to take up something else three nights a week and all day on weekends. Is this really enough to satisfy? Seems to me it's like trying to irrigate a desert by wetting your head.

What does it profit a man, married to a terrible shrew, if he conquer the whole world of butterflies? He's still married to the same wife. Why doesn't he try to find out what she's mad about? Seems to me he might do better to stand up to her and sound off than to stick pins in poor butterflies.

Montgomery Grange Gives Membership Pins

The annual inspection was conducted and pins and certificates were presented members holding 25 years or more membership, at a meeting of Montgomery Grange Tuesday night in the grange hall at DeCliff. The inspection was conducted by Elmer A. Williams, county deputy.

Receiving membership recognition were Mr. and Mrs. Ernest Fogle, Lowell Cates, Mrs. Claud Cates, Mr. and Mrs. Charles Brady, Mr. and Mrs. Henry Thibaut, Mr. and Mrs. LeRoy Anderson and Clifton Wenig. The presentations were made by Paul Snare, master. Several other members eligible for recognition were unable to be present. The benediction was by Mrs. Emerson McKelvy.

Mrs. Lois Snare was in charge of the literary program: A reading was by Mrs. Grayce Kennedy who also played a piano solo. A talk on agriculture was by Emerson McKelvy and a play was by Misses Anita and Mary Jane Coon, Alice Uhl, Eloise Snare, Nancy Schultz and Mrs. Paul Snare.

Serving as a refreshment committee were Cletus Uhl, Clifton Wenig, Emerson McKelvy and Kenneth Schultz. Russell Oldham and Jack Seiter, members who have been ill, were reported improving.

Theater Magnate Dies

LOS ANGELES (AP) — Michael Gore, 77, a Russian immigrant who rose from virtual poverty to become one of the nation's wealthy theater magnates, died yesterday, just four months after the death of his wife Celia.

Gore came to the United States 67 years ago and in his youth was in the cigar business in Chicago. When movies were in their infancy he came to Los Angeles and in 1906 established this city's second movie theater.

He founded a chain of theaters which later became known as the Fox West Coast Theaters when he sold them in the 1930s.

4-H Club Members Placed Second in District Contests

Four Marion County 4-H members competed at the district 4-H safety talk and talent activity held at the Auglaize County Fair at Wapakoneta on last week.

Martha Kalb of the Big Island Girls 4-H Club represented the county in the girls division of the safety talk contest. Stanley Lawrence of the Claridon Buckeye Lads competed in the boys division.

Lawrence placed second in his division and will go to the Ohio Club Congress and state contest Sept. 12-16 as an alternate. There were 14 contestants from 11 counties in the west central district at the Auglaize contest.

Marian Jones and Emily Holt from the Prospect Girls 4-H Club were in the talent activity show. They rated second place with a Scottish Highland Fling dance and will go to the state contest as alternates. Stanley Lawrence entered this event also with a magic act.

This activity is sponsored by the Agricultural Extension Service to help young people become better citizens by developing their talents and learning to express their thoughts.

Morrow County School Faculties Near Completion

Special to The Star

MT. GILEAD — Teaching vacancies in Morrow County schools are rapidly being filled as the opening of school nears, according to County Superintendent T. A. Gantz. Sparta, Edison, Chesterville and Fulton have completed their staffs.

The Edison Board of Education offered a contract to Mrs. Marjorie Eimer of Columbus to teach English and home economics. She has taught at Botkins and in Idaho and is a former elementary principal and high school teacher. William Bruns of Woodville was hired as coach and social studies teacher. The Edison school will open on Sept. 8 and the cafeteria on Sept. 9.

The Marengo Board of Education has offered a contract to Mrs. Pauline Rowan of Athens, Ga. She will teach in the fifth grade. Marengo still needs a first grade teacher. The Cardington school still needs an English teacher and a music teacher to complete its staff.

Still needed at Johnsville is an elementary teacher. The Johnsville school will open on Sept. 8, and the cafeteria on Sept. 9. Lights for the Johnsville athletic field have been completed and will be used at football games this fall.

Mrs. Kenneth Throckmorton has been hired as an elementary teacher in the Sparta schools. She replaces Vincent Crawford who resigned. Mrs. Throckmorton will teach in the third and fourth grades and Mrs. Chloe Sears will teach in the fifth and sixth grades. This completes the Sparta staff.

An elementary teacher is needed at Iberia to complete the staff. The Chesterville staff was completed several weeks ago.

Crawford Farmers Veto Federal Wheat Quotas

BUCYRUS — Federal marketing quotas for the 1954 wheat crop were rejected by Crawford County farmers although the program received overwhelming support in the nation-wide vote cast over the week end.

Harry F. Fauser, Bucyrus, chairman of the county Production and Marketing Administration unit, said 400 of the 600 eligible farmers in the county participated in the election. The vote was 131 for and 269 against.

Musical Show Set By Local Sorority

Plans for the presentation of a minstrel-musical, by Delta Beta Chapter of Beta Sigma Phi Sorority were announced today by Mrs. Paul McMahon, chapter president.

The production, entitled "On Stage America," is scheduled to be staged two nights, Sept. 16 and 17, in the Edison Junior High School Auditorium. Its cast will be comprised entirely of local talent directed and produced by a director from the Empire Producing Co. of Kansas City, Mo.

"On Stage America" is tuned to a minstrel background including all the oldtime hi-jinks carried out by the burnt-cork end men and the typical interlocutor assisted by a costumed chorus and dancing line.

Featured during the show will be a talent contest for choosing a "king or queen" of Marion talent. There is no age limit on contestants and all types of entertainers are invited to register with Mrs. William D. Cowles at 2-0522, chairman of the event for the sorority.

All proceeds from the production are to beused for furthering the charitable and civic activities of the local chapter.

OWU Professor, Wife of Another Claimed by Death

DELAWARE—An Ohio Wesleyan University professor and a retired professor's wife died over the week end here.

Miss Ruth Etta Fickel, 59, associate professor of English at Ohio Wesleyan, died Friday at 8:30 p.m. in Delaware Osteopathic Hospital after suffering a cerebral hemorrhage at her home late Friday morning. Mrs. Faith Marvin Hubbart, in her 60's, wife of Professor H. Clyde Hubbart, died Saturday in Jane Case Hospital. She had been ill several months.

Miss Fickel, who lived alone, was found by a neighbor in her home Friday morning. Quite active, she had given a book review the night before her death before an organization here and her death was sudden.

She had taught at the university for 37 years after graduating from Ohio Wesleyan. She was a member of Phi Beta Kappa, Irving Club, the Association of University Professors, the Book Club and University Women's Club.

She was a native of Columbus and had resided here 40 years. Miss Fickel is survived by a number of cousins and an aunt, Mrs. Harry Munk of Columbus.

Funeral services were held today in the Ramsey-Benentt-Brown Funeral Home here and graveside services were to be at the Forest Rose Cemetery at Lancaster this afternoon.

Mrs. Hubbart and her husband had resided here since 1917. Her husband was chairman of the history department of Ohio Wesleyan from 1917 until he retired last year. He is an emeritus professor here now.

Mrs. Haubert, in addition to her husband, is survived by three daughters, Mrs. Frazier P. Shipps of Indianapolis, Ind.; Mrs. Lowell F. Shire of Cleveland; Mrs. Boydson Baird of Williamsburg, Va.; and six grandchildren.

Private funeral services were held at the Robinson-Hanrahan Funeral Home here today for Mrs. Hubart and burial was in Oak Grove Cemetery here.

Marion Man Hurt As Stove Explodes

A Marion man was sent to City Hospital with second and third degree burns suffered in a fire in his rooming house Saturday night.

Walter Boyd, 48, of 688 Hocking St. was burned when a kerosene cooking stove exploded and set fire to the interior of the room at 11:12 p.m. Saturday.

Firemen estimated damage at about $50, mostly to the walls of the room. Boyd was treated for burns to his face and arms but was not admitted to the hospital.

This was the only fire run made by city firemen over the week end and was by engine companies from the Central Station and W. Center St. Station.

Thirty-one of the 107 Class 1 railways in the United States have been completely dieselized, and 49 others use diesels for more than half of their operations.

They will be honored with open house at the home of their daughter, Mrs. Miller, on the Hoskins Road, from 1 to 5 p.m. Sunday, Aug. 23.

Silver Foxes Run Wild In Colorado Mountains

BLACK HAWK, Colo. (AP)—Astonished tourists have been reporting they've seen silver foxes racing through Golden Gate Canyon area north of here.

They're right.

A year ago a disgusted fur farmer, Arthur Crow, turned 120 silver foxes loose in the area. He said he had been offered only $5 each for them and they cost $22 apiece to raise.

The foxes have thrived in the mountains.

Yankees Hike Lead to 8 Games; Indians Drop Two

Dodgers Also Hold 8-Tilt Margin in National Loop

By JACK HAND
AP Sports Writer

With six weeks to go, the baseball season has just about boiled down to a question of who's going to pitch the World Series opener for the New York Yankees and Brooklyn Dodgers.

Both could blow the pennants. Remember 1951. But with 40 to play and 8-game leads, the smart guys are getting buddy buddy with the Yank and Dodger ticket sellers. Both league leaders have identical 77-37 records.

The Yanks enjoyed a profitable Sunday, picking up a game and a half on Chicago and two full games on Cleveland by knocking off the Philadelphia A's 8-0 and 7-3. Chicago bowed to Detroit's Ralph Branca 3-2, and Cleveland dropped a pair to the last-place St. Louis Browns 7-6 and 7-5. Washington and Boston divided a double in the other American League games. Mel Parnell winning his 17th for the Red Sox 4-1 and Spec Shea taking the second for Washington 7-4 despite Ted Williams' home run.

Brooklyn ran its winning streak to nine by knocking off their old Pittsburgh sparmates twice 3-1 and 9-5, but Milwaukee kept step by sweeping two from Chicago 4-2 and 6-2.

The New York Giants ruined Robin Roberts' bid for his 21st victory by knocking him out in the eighth inning of an 8-1 game and also whipped the Phillies in the second game 4-3. Cincinnati edged St. Louis 3-2 but the Cards grabbed the second 6-2 behind Stu Miller. The split left St. Louis tied with the Phils for third place, 15 games back.

Vic Raschi came up with a five-hit shutout of the A's to win his 10th with the help of Phil Rizzuto's batting. Little Phil hit a homer with two on and drove in two more with a double to down Alex Kellner.

Allie Reynolds, surprise starter, lasted only one inning of the second game when the Yanks needed a five-hit relief chore by Johnny Sain to whip Charley Bishop. Rizzuto drove in the tying run and scored the tie-breaker in the sixth.

Branca had to stave off a ninth-inning rally by the White Sox two win for Detroit. The tying run was on third when pinch hitter Bob Elliott flied out to end the game.

Williams made his first start for the Red Sox in the second game after a few pinch-hitting jobs but his homer and double weren't enough to save Boston. Ted didn't play the entire game, leaving after five innings in accordance with previously announced plans for his gradual conditioning program. Parnell needed Ellis Kinder's 55th relief job and a sensational catch by Jim Piersall on Mickey Vernon's near-homer to become the American's first 17-game winner in the opener.

Duke Snider hit three home runs, making it 27 for the year, as the Dodgers bowled over Pittsburgh twice. Preacher Rowe scattered eight hits in the first game. Carl Erskine needed a hand from Clem Labine to win his 14th over Murry Dickson when the Pirates rallied with four in the eighth.

Lew Burdette, on relief, and 23-year-old Bob Buhl, with a three-hit complete game, did the pitching for Milwaukee against the Cubs. Eddie Mathews' triple in the eighth scored two runs for a 4-2 edge. Buhl didn't allow a hit until Dee Fondy opened the sixth with a double and coasted home after the Braves KOed Bob Rush in the fourth.

The Giants bounced back to the .500 mark behind a pair of six-hitters by Jim Hearn and Ruben Gomez. Bobby Thomson hit a home run with the bases loaded off Thornton Kipper after the Giants chased Roberts in a six-run inning. Al Dark, Whitey Lockman and Dusty Rhodes homered off Karl Drews to help Gomez win his 10th.

Whitfield Sets Sights on Fifth World Record

ESKILSTUNA, Sweden (AP)—Mal Whitfield, the ex-Air Force sergeant from Ohio State who has been making a hobby of collecting world track records in wholesale lots, today set his sights on the 400-meter mark.

"I plan to shoot for it later this week at Copenhagen," said Whitfield, "and maybe I'll be able to break it."

He has smashed five marks this year—including the 1,000 - meter standard yesterday—and nothing would please him more than to win the coveted Sullivan Award at the end of the year.

"I'd certainly like to win it," said Whitfield. "After all no member of my race ever has won it before and I would consider it one of my greatest honors if I became the first colored athlete to take it."

He was clocked in 2:20.8 for the 1,000 meters yesterday in finishing far ahead of Reggie Pearman of the New York Pioneer Club and Sweden's Sune Brostroem, second and third, respectively.

The recognized world record for the distance is 2:21.3, set by Olle Aberg of Sweden last October.

Whitfield's world records now include the 500-yard indoor (56.6), 600-yard indoor (1:09.5), the 500-meeter indoor (1:02.9), the 880 outdoor (1:48.6) and the 1,000 meters.

PlayoffNeeded At Fort Wayne

FORT WAYNE, Ind. (AP)—Veteran Cary Middlecoff of Memphis and Art Wall Jr. of Pocono Manor, Pa., played an extra 18 holes today to decide the championship of the Fort Wayne Open Golf Tournament.

First place was worth $2,400 and second $1,800.

The two matched 65s yesterday to finish the 72-hole distance in 265 each, breaking by four strokes the tournament record set by Jim Ferfier of San Francisco in 1951.

Birdie putts on the 450-yard 18th hole that dropped for Wall and didn't for Middlecoff threw the tournament in a playoff. Wall had chipped in for eagle deuces on the 3rd and 17th, each 275 yards long.

Wall, 25 years old and in his second year on the tournament circuit, never has won a major event.

Jack Burke Jr. of Kiamesha Lake, N. Y., who had taken the 54-hole lead at 198 with a 64 Saturday, turned the front nine in 33 and was well on his way to victory until the 13th. His ball moved and he stopped his swing, incurring a two-stroke penalty.

Burke finished with 72 for 270 to tie for sixth place with Marty Furgol of Lemont, Ill., who had shared the lead the first two rounds but finished with 71 and 68.

Dave Douglas of Newark, Del., took 68 for 267 and third money of $1,400. Jimmy Clark of Laguna Beach, Calif., shot 67 for 268 and fourth place, worth $1,200.

Ed (Porky) Oliver of Palm Springs, Calif., matched the winnera' 65s on the final round and took $1,000 for fifth place on 269.

300 Watch Patty Berg Break Par at Country Club

Women's World Champ Comes in 3 Under After Clinic

By JERRY EMERY

Patty Berg, one of the world's greatest woman golfers, shot a convincing three under par 33 for nine holes at the Marion Country Club Sunday. Miss Berg visited Marion on her way to the Celebrities Golf Tournament in Columbus. She conducted a clinic and played a practice round with Jack Stoddard, John Rife, and Mrs. Mae Frazier, Marion golfers. Jack Stoddard, Country Club pro, arranged her visit here.

Miss Berg was accompanied by Don Hinchman, a friend and business associate from Chicago. During the clinic, she not only showed her golfing ability but kept the attention of the gallery by her sharp wit and friendly manner. First she demonstrated the use of the irons and then the woods while the importance of the grip, stance and swing.

Miss Berg made everyone feel at ease by singing a personal version of "Anytine," and by demonstrating the wrong way to swing a golf club. She gave examples of the way her sisters play golf and demonstrated bad drives. During the tournament she gave golf balls to some of the younger set.

Patty's three-under-par bettered Jack Stoddard's 38 and John Rife's 40. Mrs. Frazier stayed in the running with a 46, playing women's par. Stoddard and Mrs. Frazier were teamed against Rife and Miss Berg.

After the match, Miss Berg said the Country Club course was a fine layout with beautiful greens. Patty will travel through West Virginia after the Celebrities today.

She came to Marion fresh from a victory in the professional women's tournament in the "World" tournament at Tam-O'Shanter in Chicago. A crowd of about 300 eager golfers was present to hear and watch Miss Berg.

Patty shot one-under-par on the first, sixth and ninth holes while shooting par on the rest. She was seeing the course for the first time and didn't shoot over par on one hole.

Cards of the four golfers follow:

Men's Par	5	4	3	5	4	3	4	4	4—36
Berg	4	4	3	5	4	2	4	4	3—33
Stoddard	4	4	5	4	5	5	3	4	4—38
Rife	5	5	4	5	4	3	5	5	4—40
Frazier	6	5	4	7	5	4	5	5	5—46

PATTY BERG, who won the recent 'World' championship for women at the Tam-O-Shanter in Chicago, is shown above on the ninth green at the Marion Country Club during an appearance here Sunday. She is displaying the putting form which won her the title. Playing in the foursome with Miss Berg, all holding putters, are left to right, Mrs. Mae Frazier, John Rife and Jack Stoddard, Country Club pro. Stoddard was in charge of arrangements for the appearance.

Roaring Grand Begins Today; 2,000 on Hand

By FRITZ HOWELL

VANDALIA, Ohio (AP)—Seven championships were up for grabs today as the million-target, 54th Grand American Trapshoot opened in this southwestern Ohio village.

Some 2,000 marksmen from all 48 states, Canada, Alaska, Cuba, Mexico, the Canal Zone and Australia were to populate the three-eighths mile firing line during the week's program in which about one-quarter million dollars in prizes will be awarded.

The world's nosiest sports event opened with a 200-target 16-yard event during which championships were to be decided in the veteran, husband-wife, parent - child and brother-brother competition. Also on the program were 100-target events at 16 yards in which all women and junior state champions were to compete for the national crown. The veterans' races were open to men 70 or over and women 50 or more.

The big shotgun barrage being held here for the 30th straight year was host to its first entrant from Australia. He is John Wilson of Melbourne, president of the Australian Trapshooting Association, here to pick up some tips for the 1956 Olympics which will be held in Australia. Wilson will fire Thursday and Friday in the Preliminary and Grand American Handicap events.

Three veteran marksmen were to shoot off in today's 200-target competition for the top spot in Sunday's Dayton Homecoming. The three, Dick Shaughnessy, of Dedham, Mass., Vic Reinders of Waukesha, Wis., and Joe Hiestand of Hillsboro, Ohio, were among four who tied with 200 straight in the last of the preliminary events.

Thirty-One Candidates Report at Mt. Gilead

MT. GILEAD—Thirty-one candidates for the Mt. Gilead football team have reported so far, according to Coach Lester Grace. Squad members met Monday and Tuesday for physical examinations.

Grace expects about 10 more candidates to report before practice starts at 6 p.m. Thursday. Candidates yet to report should contact Grace as soon as possible for cards for physical examinations. Physical examination must be completed before equipment is issued. Football uniforms and equipment will be issued next Tuesday.

VFW Misses Again in Shot At Pony Crown

A tilt between Alloy Cast Steel and VFW which last Thursday night was ordered re-played ended in a 7-0 forfeit win for Alloy Saturday night at Lincoln Park in Pony League baseball action.

VFW, behind Harold Jones' one-hitter, downed Alloy 8-1 for what seemed like the second round Pony League title. It had won the first round championship.

But the game was forfeited to Alloy by the protest commission after a protest that VFW used an ineligible pitcher in the game was made during the game by Nick Cafagno, manager of the G & G Builders team.

Commission officials explained today the VFW manager thought his pitcher was eligible to pitch in the Saturday night game because he thought the Thursday night game, a make-up one which was previously rained out, didn't effect his pitcher's record for the week. The pitcher had also hurled a game previously in the week and commission rules say a boy can pitch only 14 innings a week between 48-hour rests. The rule is officially nine innings a week with a 40-hour rest but commission officials ammended the rule because of the stepped-up activity to complete the Pony League schedule the past several weeks.

A playoff game for the second round title between G & G Builders and VFW, both tied in the second round battle after Saturday's contest, will be played tonight at Lincoln Park. A VFW win would complete action for the year.

A G & G win would give it the second round championship and it would play VFW, first round titlist, in a sudden death, championship game Tuesday night at 6:15. Commission officials said today that a best two-of-three game series previously planned couldn't be played because it would conflict with football practices which begin Thursday, and they decided to play the single sudden death game.

In case of rain, the rained out game will be played the next night. The commission explained the Pony League schedule must be completed by Wednesday.

The game Thursday night between Alloy and VFW was ordered re-played after an Alloy protest was allowed by the protest commission. The protest involved a decision on a trapped VFW runner in a run-down between third and home in the first inning of the Thursday game which VFW took, 5-1.

Kentucky and Bradley Cagers Eligible for Action in Tourney

CHICAGO (AP) — Two of college basketball's perennial powers, Kentucky and Bradley, were back in business today — cleared of athletic irregularities which brought a year's punishment.

Kentucky now can wheel out the big, talented team which was forced to sit out the 1952-53 season and Bradley is eligible to play in the national tournament, from which it was barred last winter.

The national collegiate athletic association's council put these institutions back in good standing yesterday.

With this old business out of the way, the council was able to turn to the new — the cases of three other members who have been accused of violating the athletic code.

These are reported to be Notre Dame and Michigan State, two of the country's best known universities which produce champion and champion - contending football teams, and Arizona State at Tempe.

The NCAA Council said an announcement on the status of the schools, never identified officially, may be expected late today.

'Big Kloo' Hits Two for New Redleg Record

CINCINNATI (AP)—The Cincinnati Redlegs and St. Louis Cardinals split a four-game farewell series over the weekend they divided a doubleheader yesterday, 3-2 and 6-2, and Redlegs Gus Bell and Ted Kluszewski shared honors.

The bell rang for 600 of Gus' fans who traveled from his hometown of Louisville, Ky., to shower him with honors on "Gus Bell Day."

Tied 2-2 with one out in the bottom of the ninth, the 24-year-old Kentuckian singled to score the winning run.

There was nothing special on the agenda for Ted Kluszewski. But he pounded out homers in the first and second games to set a new record—36—of circuit clouts hit in one season by a Redleg.

The mark of 35 has stood since 1948 when Hank Sauer, now using the big stick for the Chicago Cubs, reached that figure.

The Redlegs are idle today. They host the second-place Milwaukee Braves tomorrow night in the first of a two-game series.

Seixas-Trabert Team Aims at Double Crown

BROOKLINE, Mass. (AP) — The 72nd National Doubles Tennis Championships open at Longwood today with the spotlight on the U. S. Davis Cup pair of Vic Seixas and Tony Trabert and the nine-times-winning team of Mrs. Margaret Osborne du Pont and Louise Brough.

Tennis fans are rooting for a showdown in the men's final between the American Davis Cuppers and Australia's 18-year-old stars Lew Hoad and Ken Rosewall.

Philadelphian Seixas, holder of the Wimbledon crown and doubles winner here last year with Australia's Mervyn Rose, is seeded with Trabert — ex-Navy man from Cincinnati—in the opposite half of the draw from Hoad and Rosewall.

All the tennis world's top stars, including 18-year-old National and Wimbledon Champion Maureen (Little Mo) Connolly of San Diego, Calif., move to historic Longwood's grass courts after competing in the men's tourney at Newport, R. I., or the women's matches in Manchester, Mass.

Seixas suffered a twisted right knee in the third set against Trabert in yesterday's Newprt Invitation final after winning the first two sets and then limped to defeat, Trabert winning 5-7, 0-6, 6-4, 8-6, 6-3.

But Seixas came back with Trabert to win the doubles crown from Hamilton Richardson, Baton Rouge La., and Bill Talbert, New York, 6-4, 6-3, 6-3. Seixas said he'd be in shape for the National.

In yesterday's concluding play at Manchester, Miss Connolly won the singles for the third straight year, defeating Shirley Fry, Akron, O., 7-5, 6-0.

Miss Fry gained consolation for this loss as she teamed with Doris Hart of Coral Gables, Fla., to win the doubles from Mrs. Thelma Long of Australia and Anita Kanter of San Francisco 6-1, 6-1.

HEMINGWAY HONORED

PONTREMOLI, Italy (AP)—Ernest Hemingway's latest novel, "The Old Man and the Sea," was awarded Italy's 1953 Bancarella literary award today.

Brownies Nip Tribe's Top 2 Mound Stars

CLEVELAND (AP) — Time was when Cleveland Indians boosters would have anticipated with relish the coming seven games with Detroit and St. Louis. But after last week-end, well . . .

The Indians, who scratched out an 8-7 victory in Friday's opener of a three-game series in St. Louis, took two beatings at the hands of last-place Browns yesterday, 7-6 and 7-5. And in both games, top Cleveland moundsmen were chased in early innings—Early Wynn the third frame of the opener and Bob Lemon in the fifth of the second contest.

In the third inning, Wynn's Waterloo, the Browns scored six runs. Dick Kokos started the rout with a two-run homer. Wynn retired the next two men, but followed with four straight walks to set up a three-run double by Johnny Groth. Dick Kryhoski singled in the winning run in the sixth off Dave Hoskins.

Cleveland scored one in the third on Dale Mitchell's triple and an outfield fly; four in the fifth with a rally that included doubles by Al Rosen and Mitchell; and another in the sixth on Luke Easter's single and another double by Rosen.

Rosen knocked in two more runs in the nightcap to run his total runs-batted-in to 101 and become the first American Leaguer to break 100 this season.

The St. Louis attack in the second game was led by Vic Wertz and Dick Kryhoski, who both hit homers. Groth singled in what proved to be the winning run in the fifth.

The Indians scored three in the third on Lemon's double, three walks and Rosen's two-run single. Lemon doubled for two more counters in the fourth.

Off today, the Indians start a three-game series in Detroit tomorrow. St. Louis comes here Friday for four games.

Grice Captures Both Features At Speedway

Dude Grice took both features at the Marion Speedway Sunday. Following him in the first feature was Bill Krohmer, Roy Hobson and Dick Grice. In the second feature Roy Hobson, Ed Fridley and Bill Krohmer finished behind Grice in that order.

Clarence Ray of Tiffin won the first heat and Ted Rambo of New Bloomington took the second. The figure eight race was won by Bob Danoff.

Grice was the first driver ever to take two features at the Marion Speedway in one day.

Sunday, Aug. 23 there will be a big 200 lap championship race along with five other events including both the figure eight and suicide races. A trophy nearly five feet high will be given to the winner of the 200-lap race. A field of 60 to 80 cars is expected from over Ohio. Gates will open at 10 a.m. with time trials at 11:30 a.m. and the race starting at 2 p.m.

Toledo, Louisville Drop Double Bills

By THE ASSOCIATED PRESS

The American Association's one-two leaders, Toledo and Louisville, both got bumped twice Sunday in doubleheaders with second-division clubs.

Minneapolis, in fifth place, took Toledo 11-6 and 4-0. Seventh-place Columbus knocked off Louisville 7- and 1-0.

As a result, Toledo maintained its half-game edge on the runnerup Colonels from Louisville.

In other games, St. Paul beat Indianapolis 2-1 and Kansas City outlasted Charleston 4-3 in a 10-inning contest.

In his first season as head basketball coach at Syracuse in 1951, Marc Guley piloted his boys to the National Campus Tournament title.

Arrangements Set For Girls' League All-Star Contest

Arrangements were announced today for the all-star game of the Marion Girls' Softball League. The game will be played Tuesday at 6 p.m. at the Engineer Depot diamond.

Original plans called for the game to be played June 28 but the contests were called off after the preliminary tilt. The Marion Industries team was scheduled to play a Delaware girls' team but that squad has been unable to fill the engagement since the postponement. Officials of the local league abandoned plans for the Delaware team's appearance.

The game Tuesday will send an all-star squad selected from the four other teams of the loop against the Marion Industries team, winners of the league title. Five girls from each team will be named.

Tickets for the original game will be hopored at the Tuesday night scrap.

League action was ended last week when the Telephone Company blasted the Depot squad 30-5 in a game called at the end of five frames because of darkness.

Coleen Kneisley led the winners' attack with five hits in five times at the plate. Helen Weston belted four doubles in five trips and Veda McClellan collected three singles and a double in five turns. The Telephone team batted around three times in the second inning. The winners collected 25 hits.

AMATEUR NIPS SNEAD

PARKERSBURG, W. Va. (AP)—Amateur Bill Campbell fired a five-under-par 67 on the last round yesterday to whip the veteran pro Sammy Snead and win the West Virginia Open golf tournament for the second time. Campbell's 72-hole total was 271, or 17 under regulation figures. Snead finished with a 274.

Boxing Group Names Officers

TOLEDO, Ohio (AP) — The Ohio Boxing and Wrestling Commission has adopted a National Boxing Association system which requires all fighters to carry registration cards.

The commission, meeting here yesterday, also added three boxing weight divisions — junior welterweight, junior middleweight and junior heavyweight. The latter weight is for fighters between 175 and 185 pounds.

Commissioners recommended the National Boxing Association use the 10-point split system for scoring fights. This proposal will come up at the NBA meeting in Milwaukee next month.

Joe Gallon of Toledo was elected to succeed Tom L. Barrowman of Youngstown as president of the Ohio group. Other officers named: Harold Bloodgood, Mansfield, first vice president; Al Bechtold, Cincinnati, second vice president; and George A. Murphy, Cincinnati, named to fourth straight term as secretary-treasurer.

The commissioners also approved a state ranking. They are, in order:

Heavyweight: Ezzard Charles, Cincinnati; Jimmy Bivins, Cleveland.

Lightheavyweight: Archie Moore, Toledo; Joey Maxim, Cleveland; Herb Moore, Cincinnati; Chuck Hunter, Cleveland.

Middleweights: Rocky Castellani, Cleveland; Charlie Cotton, Toledo; Jackie Keough, Cleveland; Bobby Finnerby, Cleveland; Bobby Hughes, Warren.

Harness Racing Is Popular in Cities

NEW YORK (AP)—Harness racing's popularity in the metropolitan area continues to soar. And this week fans will have two tracks for the pacers and trotters going at night.

The Old Country Trotting Association's meet at Roosevelt Raceway in Westbury, L. I., which had a world record attendance Saturday night, continues its run while Yonkers Raceway opens a 12-night program tonight. Yonkers is in Westchester County, north of the big town.

Saturday's crowd of 35,048 bettered the old record of 33,354 set at Yonkers May 9. The bumper crowd wagered $1,713,309, a Roosevelt record.

Galion Man Wins Richwood Feature

Joe Jones of Galion walked off with the 25-lap feature Friday night at the Richwood Speedway. He outdistanced Glenn Skinner of Prospect, who followed him across the finish line.

Dick Baughman of Richwood came in third and Jim Hamilton of Richwood was fourth. Fifth place was taken by Jim Ford of Kenton. The main event was marred by several crashes.

Four crashes also occurred in the special race scheduled for women drivers. Eight women drivers entered and Dixie Ray of Kenton walked off with top money. Gloria Jones of Galion was second with Kathleen Leser of Plain City third.

John Ford copped the first pursuit race with Jim Church coming in second. The second pursuit race went to Joe Erwin.

Heat winners were Joe Jones, Jim Hamilton, Chet Johnson of Radnor and Jim Reece of Richwood.

Women Wrestlers Booked at Armory

Two 60-minute bouts including one for women will highlight the weekly wrestling card at the armory Thursday night, Promoter Les Fishbaugh announced today.

Billy Fox and Frenchy Roy will battle in a two out of three fall match, billed as a Tri-State Junior Heavy weight championship event. Juanita Coffman and Virginia Gale will meet in the girls' match.

Irish Mike McGee will be pitted against Dick Torio in the 30-minute opener. Torio, a newcomer to Marion is a graduate of Toledo University.

Accident Victim Gives Birth to Baby, Then Dies

AKRON, Ohio (AP)—A 21-year-old woman, injured in an automobile accident last night, gave birth to a girl shortly before she died.

Mrs. Catherine Heffelfinger of nearby Barberton was taken to Canton Mercy Hospital after a two-car collision.

The hospital said the child's condition was good.

The father, James, 21, was admitted to the hospital, suffering from shock and lacerations.

Ohio Edison Picnic Set on Wednesday

The annual family picnic for employes of the Ohio Edison Co. will be held Wednesday afternoon and evening at Garfield Park. More than 400 employes with their families are expected to attend from Marion, Delaware, Mt. Gilead, Crestline and Richwood.

Festivities will get under way at 1 p.m. An afternoon of games, contests, pony rides, roller skating at the Rollarena and other recreational activities are planned for the children. Prizes will be awarded throughout the afternoon and evening and at 5:30 there will be a basket picnic. Coffee and dessert will be furnished by the company.

The evening entertainment will be round and square dancing in the Rollarena, starting at 8 o'clock.

Man Wrong in Thinking He Had Winning Ticket

ASHEVILLE, N. C. (AP)—Charged at noon with unlawful possession of baseball lottery tickets, 65-year-old John Henry Williams returned to the police station some eight hours later.

"I want to see about getting my tickets back," he told the desk officer.

"What for?" the policeman wanted to know.

"I think I had a winner," Williams said.

After a minute of stunned silence, the officer told him the arresting officer had the tickets. . . and it was doubtful if he could let Williams have them back.

Duncan Hines Says Tasting Still Best Test For Bread

Duncan Hines

America's number one authority on good eating, Duncan Hines, who travels thousands of miles each year tasting food in hundreds of restaurants and hotels, believes that a really good bread is judged by its taste.

If a bread eaten plain, without butter or any spread, still tastes delicious, then it is a good bread. A bread with a "good rich flavor," he says.

"Not many bakers bake that kind of bread any more," Duncan Hines says. "But it's surprising how many people, like myself have a yearning for a firm solid loaf."

He was talking about Duncan Hines Home Style Enriched Bread.

Radio and Television

By JOHN CROSBY

The Search

"You hear that television can revolutionize the world's culture or create a race of bug-eyed television watchers; that television is creating a new appreciation of the arts or that it is the greatest deterrent to civilization since the creation of the first comic book; that television broadcasters are now feeding a brand of fifth grade pap to the public or that they have already made great and significant contributions to the television viewer.

J. CROSBY

"You may take your choice of these points of view. You can be sure, however, that television broadcasters have taken a very serious view of the implications of television as an educational force, and you can be equally sure that we have studied those implications with a view toward producing the best television for educational purposes that the television industry can supply."

So spake Sig Mickelson, director of news and public affairs for CBS in announcing the new CBS-TV show "The Search" which will sign in in the fall.

-:-

AS A MATTER OF FACT "The Search," an ambitious educational show, was announced with one of the greatest outpourings of oratory from network vice presidents and college presidents and other brass in my memory. Usually when all these folk get so full of themselves, the show they're talking about is pretty dull. But "The Search" sounds interesting.

"The Search" — again to quote Mr. Mickelson who made more sense than the college presidents or the network vice presidents — was designed "to help the viewer adjust to his environment — an environment currently dominated by a cold war and economic and psychological stresses it has created.

"In trying to find some source of answers or repository of wisdom helpful to individual adjustment to these stresses, we looked to a great number of agencies. After extensive research, we decided that the country's universities were the best available source for this type of answer and wisdom."

—:—

THE PRODUCER is Roy Lockwood who said: "The starting point on this was to find out what each university did particularly well, or what it was famous for, and we gave ourselves a fairly wide field to work on. It could be something in the social sciences, fine arts, medicine and so on. It could be either a research project or one of the regular courses."

CBS found some fascinating and largely unknown things going on in our universities. Five shows are now filmed and the series will go on the air in mid-October, possibly on Sunday afternoon just before "Omnibus".

One of them concerns a course in English for foreign students at the University of Michigan. The foreign students are forced to speak English at every turn (unless they get hopelessly confused, when their native tongue is used to unscramble them.)

-:-

THEY ARE TAKEN to hog-calling contests, to factories, to social functions — all to hear American as it is spoken, rather than as the professors wish it were.

At the University of Minnesota, CBS filmed the highly dramatic research project in process at Gate 27 under the football stadium. Here, 500 human guinea pigs, students and businessmen, have volunteered to undergo all sorts of tests which contribute to the study of heart disease.

Theoretically, none of them has anything the matter with his heart when he joins but — if the law of averages can be trusted — half of them will die of heart disease. Our idea is to catch the heart as it starts turning bad rather than after it gets there. The moment one does, intense investigation gets under way to find out why. Job? Diet? Personal problems?

-:-

AT JOHNS HOPKINS, the great university in Baltimore, the cameras will look in on the problem of the disposal of atomic waste material and what the scientists are doing about it. At Dartmouth, they'll film a course about flobal cross-currents of thought. At Iowa State, it'll be a special program to acquaint the rural population with painting, sculpture, theatrical arts and music. At the University of North Carolina, the subject will be the drama department which tours neighboring states with performances of classical plays.

We ought to learn something.

N.Y. Stock Quotations

NEW YORK (AP)—The stock market edged lower today in a quiet manner.

With only a handful of exceptions, both gains and losses were held to small fractions.

Business was modest at a rate of around a million shares for the entire day. That is the same as Friday.

Railroads, with the exception of a gain of more than a point in Santa Fe, were slightly lower. Going down with the carriers were most steels, motors, coppers, oils, chemicals, radio - telivision issues, and utilities.

Aircrafts and air lines held steady together with distillers and motion pictures.

Lower stocks included Southern Railway, American Telephone, Bethlehem Steel, General Motors, Anaconda Copper, Dow Chemical, and Radio Corp.

New Earthquakes Rock Greek Islands

ARGOSTOLION, Greece (AP)—New earth tremors including one rated as a strong earthquake wracked the stricken Ionian Sea islands today as officials estimated the toll from the week's devastation at some 600 dead and 700 seriously injured.

Fifteen new tremors were recorded during a 12-hour period last night and today. They heightened the islanders' near-panicky desire to flee their homelands but otherwise could make little difference on the three islands, practically leveled by the past week of upheavals.

The new casualty estimates came from the Argostolion headquarters of Gen. Dimitrios Istrides, who is directing the Greek rescue work. Previously it was feared more than 1,000 persons had been killed.

The new figures were based on complete reports from the island of Ithaca and nearly complete reports from the other two stricken isles, Zakinthos and Kefallinia.

Three hundred of the badly injured have been moved by boat and plane to Athens. The others have been hospitalized in Patrai.

Fears of a typhoid outbreak still hung over the devastated area today, and one case of smallpox had been found.

Naval ships of five nations continued to pour in thousands of tons of emergency supplies in an effort to feed nearly 120,000 hungry and mostly homeless islanders.

GRAIN MARKET

Chicago Grain Market

CHICAGO (AP) — Wheat opened sharply higher in a burst of buying on the Board of Trade today.

Farmer approval of marketing quotas for the 1954 crop in Friday's election was considered responsible for the urgent demand.

Action of wheat carried most other cereals upward with it, but soybeans refused to follow the general trend.

Wheat started 1¾ to 6 cents higher, September $1.91-$1.93, corn was ¼ to ⅛ higher, September $1.47¾-⅝, oats were ⅜ to $\frac{1}{16}$ higher, September 78⅛-½, and soybeans were ½ lower to ½ higher, September $2.46¾-½.

BOY KILLED BY AUTO

ST. CLAIRSVILLE, Ohio (AP)—James E. Funkhouser, 11, of near by Warwick was killed when struck by a car yesterday afternoon.

LEGAL NOTICE

Notice is hereby given that bids will be received by the Safety-Service Director of the City of Marion, Ohio, until twelve o'clock (12:00) noon on the 2nd day of September, 1953, for the purchase of one half (½) yard power Dragline mounted on crawlers, as authorized by City Council in Ordinance No. 5629 passed on the 11th day of August, 1953. Said machine will be in accordance with general specifications on file in the office of the Safety-Service Director.

If bid is accepted a contract will be entered into and delivery to City will be made within ten (10) days after bid is accepted.

The right is reserved the City to reject any and all bids.

WANTED
Growers in Marion and Crawford Counties
To produce 75,000 bushels of CORNELL WHEAT for 1954 harvest season.
Have purchase agreement with one of the largest Milling Concerns in the U.S.A. for a specific milling purpose.
For the ninth (9th) consecutive year CORNELL WHEAT has out-yielded all others in bushel (yield) per acre, ranging this year from 45 to 62 bushels in Ohio and 72 bushels in Indiana, and quite frequently commands a premium over other wheat, depending on quality and grade.
CORNELL is a Hardy Winter Wheat, will stand a rugged winter, stiff straw, combines well.
